| NOTE: (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. | NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMECH rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOMECH rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Sprint – PIU/PLU/PLF Amendment to Interconnection Agreement

[CCCS Amendment 2 of 4]

## Amendment Exhibit 1

- 6.2 Percentage Interstate Usage. In the case where Sprint CLEC desires to terminate its local traffic over or commingled on its Switched Access Feature Group D trunks, Sprint CLEC will be required to provide projected Percentage Interstate Usage (PIU) factors including, but not limited to, PIU associated with facilities (PIUE) and terminating PIU (TPIU) factors. All jurisdictional report requirements, rules and regulations for IXCs specified in BellSouth's intrastate Access Services Tariff will apply to Sprint CLEC. The application of the PIU will determine the respective interstate traffic percentages, and the remainder shall determine intrastate traffic percentages. Detailed requirements associated with PIU reporting shall be as set forth in BellSouth Jurisdictional Factors Reporting Guide. After interstate and intrastate traffic percentages have been determined by use of PIU procedures, the PLU and PLF factors will be used for application and billing of local interconnection. Each Party shall update its PIUs on the first of January, April, July and October of each year and shall send it to the other Party to be received no later than thirty (30) days after the first of each such month, for all services showing the percentages of use for the past three (3) months ending the last day of December, March, June and September, respectively. Notwithstanding the foregoing, where the terminating Party has message recording technology that identifies the jurisdiction of traffic terminated as defined in this Agreement, such information, in lieu of the PIU and PLU factor, shall at the terminating Party's option be utilized to determine the appropriate usage compensation to be paid.
- 6.3 Percent Local Use. BellSouth and Sprint CLEC will report to the other a Percentage Local Usage (PLU). The application of the PLU will determine the respective amount of local and/or ISP-Bound minutes to be billed to the other Party. For purposes of developing the PLU, BellSouth and Sprint CLEC shall consider each Party's respective local calls and long distance calls, excluding Transit Traffic. By the first of January, April, July and October of each year, BellSouth and Sprint CLEC shall provide a positive report updating the PLU and shall send it to the other Party to be received no later than thirty (30) days after the first of each such month based on local and ISP-Bound usage for the past three (3) months ending the last day of December, March, June and September, respectively. Detailed requirements associated with PLU reporting shall be as set forth in BellSouth Jurisdictional Factors Reporting Guide, as it is amended from time to time during this Agreement, or as mutually agreed to by the Parties. The Parties have agreed that BellSouth, as the terminating Party, will provide Sprint CLEC with the calculated PLU factor for Sprint CLEC's originated traffic for Sprint CLEC's approval by the end of January, April, July and October. Within fifteen (15) days of receipt of the PLU factor, Sprint CLEC will provide concurrence with such factor, which BellSouth will then implement to determine the appropriate local usage compensation to be paid by Sprint CLEC. If the Parties disagree as to the calculation of such factor, the Parties will work cooperatively to determine the appropriate factor for billing. While the Parties

negotiate to determine the updated factor, the Parties agree to use the factor from the previous quarter. Once Sprint CLEC develops message recording technology that identifies and reports the jurisdiction of traffic terminated as defined in this Agreement, Sprint CLEC will provide BellSouth with the calculated PLU factor for Sprint's originated traffic. If the terminating Party disagrees with the factor, the Parties will work cooperatively to determine the appropriate factor for billing. Notwithstanding the foregoing, where the terminating Party has message recording technology that identifies the jurisdiction of traffic terminated as defined in this Agreement, such information, in lieu of the PLU factor, shall at the terminating Party's option, be utilized to determine the appropriate Local usage compensation to be paid.

- 6.4 Percent Local Facility. BellSouth and Sprint CLEC will report to the other a Percentage Local Facility (PLF). The application of PLF will determine the respective portion of switched dedicated transport to be billed per the local jurisdiction rates. The PLF will be applied to Local Channels, Multiplexing and Interoffice Channel Switched Dedicated Transport as specified in BellSouth's Jurisdictional Factors Reporting Guide. By the first of January, April, July and October of each year, BellSouth and Sprint CLEC shall provide a positive report updating the PLF and shall send it to the other Party to be received no later than thirty (30) days after the first of each such month to be effective the first bill period the following month, respectively.. Detailed requirements associated with PLF reporting shall be as set forth in BellSouth Jurisdictional Factors Reporting Guide, as it is amended from time to time during this Agreement, or as mutually agreed to by the Parties. The Parties have agreed that BellSouth, as the terminating Party, will provide Sprint CLEC with the calculated PLF factor for Sprint CLEC's originated traffic for Sprint CLEC's approval by the end of January, April, July, and October. Within fifteen (15) days of receipt of the PLF factor, Sprint CLEC will provide concurrence with such factor, which BellSouth will then implement to determine the appropriate local usage compensation to be paid by Sprint CLEC. If the Parties disagree as to the calculation of such factor, the Parties will work cooperatively to determine the appropriate factor for billing. While the Parties negotiate to determine the updated factor, the Parties agree to use the factor from the previous quarter. Once Sprint CLEC develops message recording technology that identifies and reports the jurisdiction of traffic terminated as defined in this Agreement, Sprint will provide BellSouth with the calculated PLF factor for Sprint's originated traffic. If the terminating Party disagrees with the factor, the Parties will work cooperatively to determine the appropriate factor for billing. While the Parties negotiate to determine the updated factor, the Parties agree to use the factor from the previous quarter. Notwithstanding the foregoing, where the terminating Party has message recording technology that identifies the jurisdiction of traffic terminated as defined in this Agreement, such information, in lieu of the PLF factor, shall at the terminating Party's option, be utilized to determine the appropriate portion of switched dedicated transport to be billed per the local jurisdiction rates.

This Amendment (the "Amendment") amends the Agreement by and between BellSouth Telecommunications, LLC d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee ("AT&T"), and Sprint Communications Company Limited Partnership and Sprint Communications Company L.P., (collectively referred to as "Sprint CLEC"), a Delaware Limited Partnership, and Sprint Spectrum L.P., a Delaware Limited Partnership, as agent and General Partner for WirelessCo. L.P., a Delaware limited partnership, and SprintCom, Inc., a Kansas corporation, all foregoing entities jointly d/b/a Sprint PCS ("Sprint PCS"), when the terms and conditions apply to both Sprint CLEC and Sprint PCS, the collective term "Sprint" shall be used. AT&T and Sprint are hereinafter referred to collectively as the "Parties" and individually as a "Party".

WHEREAS, AT&T and Sprint are parties to an interconnection agreement under Sections 251 and 252 of the Communications Act of 1934, as amended (the "Act"), dated January 1, 2001 and as subsequently amended (the "Agreement"); and

NOW, THEREFORE, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the Agreement as follows:

1. The Parties agree to delete Sections 3.1, 3.2, 3.3 and 3.4 of the General Terms and Conditions – Part A in their entirety and replace them with the following:
  - 3.1 Either Party may request the commencement of negotiations for a subsequent agreement at any time; provided, however, that such request is no more than one hundred and eighty (180) days prior to the expiration of this Agreement.
  - 3.2 If, after one hundred and thirty-five (135) days of commencing the negotiation referred to in Section 3.1 above, the Parties are unable to negotiate new terms, conditions and prices for a subsequent agreement either Party may petition the Commission to establish appropriate terms, conditions and prices for the subsequent agreement, pursuant to 47 U.S.C. 252.
  - 3.3 Notwithstanding the foregoing, and except as set forth in Section 3.4 below, in the event that this Agreement converts to a month-to-month term, and the Parties are not in negotiation pursuant to Section 252 of the Act, then either Party may terminate this Agreement upon sixty (60) days notice to the other Party. If BellSouth provides notice to Sprint, by express delivery service or mailed via certified mail or first class U.S. Postal Service, with postage prepaid and a return receipt requested, that BellSouth intends to terminate the Agreement, then Sprint shall have thirty (30) calendar days from receipt of such notice, to provide written notice to BellSouth (also by express delivery service or mailed via certified mail or first class U.S. Postal Service, with postage prepaid and a return

- receipt requested), if Sprint wishes to negotiate a subsequent agreement, pursuant to Section 252 of the Act. If Sprint responds to BellSouth that it does wish to negotiate a subsequent agreement, then BellSouth's notice of termination and ability to convert to BellSouth's then current standard interconnection agreement will be tolled while the Parties are in negotiations or arbitration pursuant to Section 252 of the Act. If the Parties cease to be in negotiations or arbitration pursuant to Section 252, the sixty (60) days notice period shall resume. If Sprint does not provide timely written notice to BellSouth, then BellSouth shall continue to offer services to Sprint, pursuant to BellSouth's then current standard interconnection agreement or Sprint may exercise its rights under Section 252(i) of the Act. If BellSouth's standard interconnection agreement becomes effective as between the Parties, the Parties may continue to negotiate a subsequent agreement.
- 3.4 If an arbitration proceeding has been filed, in accordance with Section 252 of the Act, and if the Commission does not issue its order prior to the expiration of this Agreement, this Agreement shall be deemed extended on a month-to-month basis until the subsequent agreement becomes effective. The terms of such subsequent agreement shall be effective as of the effective date stated in such subsequent agreement and shall not be applied retroactively to the expiration date of this Agreement unless the Parties agree otherwise. Neither Party shall refuse to provide services to the other Party during the negotiation of the subsequent agreement or the transition from this Agreement to the subsequent agreement.
2. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE UNDERLYING AGREEMENT SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
  3. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE UNDERLYING AGREEMENT SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
  4. In entering into this Amendment, neither Party waives, and each Party expressly reserves, any rights, remedies or arguments it may have at law or under the intervening law or regulatory change provisions in the underlying Agreement (including intervening law rights asserted by either Party via written notice predating this Amendment) with respect to any orders, decisions, legislation or proceedings and any remands thereof, which the Parties have not yet fully incorporated into this Agreement or which may be the subject of further review.
  5. This Amendment shall not modify or extend the Effective Date or Term of the underlying Agreement, but rather, shall be coterminous with such Agreement.
