| NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMECD rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOMECD rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. | NOTE: (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charge, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract                |               |                                                                               |  |  |         |      |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                      |           |              |        |                |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |  |
| NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMECE rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOMECE rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, |               |                                                                               |  |  |         |      |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                      |           |              |        |                |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |  |
