ONE-WAY PAGING INTERCONNECTION AGREEMENT

THIS AGREEMENT is made by and between Southwestern Bell Telephone Company¹ d/b/a AT&T Texas ("AT&T Texas"), a Texas limited liability company, and Bay Star Communications, Inc. ("Carrier"), a Texas corporation. The Effective Date of this Agreement shall be ten (10) calendar days after the Commission approves this Agreement under Section 252(e) of the Act or, absent such Commission approval, the date this Agreement is deemed approved under Section 252(e)(4) of the Act (the "Effective Date"). This Agreement may refer to either AT&T Texas or Carrier or both as a "party" or "parties."

WITNESSETH

WHEREAS, AT&T Texas is a local exchange telecommunications company authorized to provide telecommunications services in the state of Texas; and

WHEREAS, Carrier is a Commercial Mobile Radio Service ("CMRS") provider licensed by the Federal Communications Commission ("FCC") to provide one-way paging and/or narrowband Personal Communications Service (hereinafter "Paging Services") in the state of Texas; and

WHEREAS, the parties wish to interconnect their facilities for the purposes of fulfilling their obligations pursuant to sections 251 and 252 of the Telecommunications Act of 1996 and to replace any and all other prior agreements, both written and oral;

WHEREAS, in entering into this Agreement, the Parties acknowledge and agree that neither Party waives, and each Party expressly reserves, any of its rights, remedies or arguments it may have at law or under the intervening law or regulatory change provisions in this Agreement, with respect to any orders, decisions, legislation or proceedings and any remands by the FCC, state utility commission, court, legislature or other governmental body including, without limitation, any such orders, decisions, legislation, proceedings, and remands which were issued, released or became effective prior to the Effective Date of this Agreement, or which the Parties have not yet fully incorporated into this Agreement or which may be the subject of further government review.

WHEREAS, AT&T Texas notes that pursuant to the SBC/Ameritech Merger Conditions, approved by the FCC its Memorandum Opinion and Order, CC Docket 98-141, rel. (October 8, 1999), SBC/Ameritech was obligated to transition the provisioning of certain Advanced Services, as that term is defined in such Conditions, to one or more separate Advanced Services affiliates under certain conditions. Because SBC/Ameritech has transitioned such Advanced Services to its structurally separate affiliate(s), AT&T Texas has no further obligation to make available such Advanced Services for resale or to interconnect its Frame Relay network with Carrier and has no further obligation to make available such Advanced Services for resale or to provision Frame Relay interconnection under the rates, terms and conditions set forth in the Agreement (to the extent applicable).

WHEREAS the Parties understand AT&T's operational support systems (OSS) and technical capabilities vary from one state to another across AT&T's twenty-two states. This Agreement attempts to conform a Louisiana paging interconnection agreement to comply with AT&T's OSS and technical capabilities in the State of Texas. To the extent provisions in the original agreement have not been modified in this Agreement and are inconsistent with the OSS and technical capabilities in the State of Texas, AT&T shall provide such services, to the extent applicable, in accordance with the terms and conditions set forth in its then current generic interconnection agreement.

¹ Name change approval request(s) may be pending with the appropriate state regulatory authorities.

NOW THEREFORE, in consideration of the mutual agreements contained herein, AT&T Texas and Carrier agree as follows:

Definitions

- A. Affiliate** is defined as a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or equivalent thereof) of more than 10 percent.
- B. Commission** is defined as the Public Utility Commission of Texas (PUC-TX).
- C. Local Traffic** is defined for purposes of this Agreement as any telephone call that originates on the network of AT&T Texas that is handed off to Carrier at a point of interconnection in the same Local Access and Transport Area ("LATA") in which the call originates. For purposes of this Agreement, LATA shall have the same definition as that contained in the Telecommunications Act of 1996.
- D. Local Interconnection** is defined for purposes of this Agreement as the delivery of Local Traffic to be terminated on Carrier's local network so that end users of AT&T Texas have the ability to reach end users of Carrier without the use of any access code or substantial delay in the processing of the call.
- E. Telecommunications Act of 1996 ("Act")** means Public Law 104-104 of the United States Congress effective February 8, 1996. The Act amended the Communications Act of 1934 (47, U.S.C. Section 1 et. seq.).
- F. Point of Interconnection (POI)** is defined as the physical geographic location(s), within AT&T Texas' service area within a LATA, at which the Parties terminate interconnection facilities for the origination and/or termination of traffic. This point establishes the technical interface, the test point(s), and the point(s) for operational division of responsibility between AT&T Texas' network and Carrier's network.
- G. Type 1 Interconnection** is a trunk side connection between an AT&T Texas end office and a Carrier's POI and provides the capability to access all AT&T Texas end offices within the LATA. Type 1 Interconnection is technically defined in Telcordia Technical Reference GR-145-CORE, Issue 2 May 1998, as in effect from time to time (or any successor thereto).
- H. Type 2A Interconnection** are one-way facilities that provide a trunk side connection between an AT&T Texas tandem switch and a Carrier's POI and provides access to all AT&T Texas end offices and third party providers subtending the AT&T tandem. Type 2A Interconnection is technically defined in Telcordia Technical Reference GR-145-CORE, Issue 2 May 1998, as in effect from time to time (or any successor thereto).
- I. Type 2B Interconnection** are one-way facilities that provide a high usage route between an AT&T Texas end office and a Carrier's POI and provides access to all AT&T Texas NXX codes homed in that specific end office and is provided in conjunction with Type 2A Interconnection. Type 2B Interconnection is technically defined in Telcordia Technical Reference GR-145-CORE, Issue 2 May 1998, as in effect from time to time (or any successor thereto).

I. Purpose

The parties desire to enter into this Agreement consistent with all applicable federal, state and local statutes, rules and regulations in effect as of the date of its execution including, without limitation, the Act at Sections 251 and 252. The access and interconnection obligations contained herein enable Carrier to provide Paging Services in those areas where it is authorized to provide such service within the state of Texas. Carrier remains

liable to AT&T Texas for payment for all services and facilities obtained from AT&T Texas prior to the Effective Date of this Agreement pursuant to the applicable tariff or contract provisions. Until otherwise ordered by the FCC, this Agreement does not provide for the access to Unbundled Network Elements.

II. Term of the Agreement

A. This Agreement shall expire on April 13, 2009, and shall apply to the AT&T Texas in the state of Texas. Notwithstanding any prior agreement of the Parties, the rates, terms and conditions of this Agreement shall not be applied retroactively prior to the Effective Date.

B. The Parties agree that by no earlier than one hundred and eighty (180) days prior to the expiration of this Agreement, either party may request negotiation of a successor agreement by written notice to the other Party. The date of this notice will be the starting point for the negotiation window under section 252 of the Act. If, within one hundred and thirty-five (135) days of commencing the negotiation referred to in this Section B, the Parties are unable to negotiate new terms, conditions and prices for a Subsequent Agreement, either Party may petition the Commission to establish appropriate terms, conditions and prices for the Subsequent Agreement pursuant to 47 U.S.C. 252.

C. If, as of the expiration of this Agreement, a Subsequent Agreement has not been executed by the Parties, this Agreement shall continue on a month-to-month basis while a Subsequent Agreement is being negotiated. The Parties may continue to negotiate a Subsequent Agreement or arbitrate disputed issues to reach a Subsequent Agreement as set forth in Section B above, and the terms of such Subsequent Agreement shall be effective as of the effective date as stated in the Subsequent Agreement.

D. Notwithstanding the foregoing, in the event that as of the date of expiration of this Agreement and conversion of this Agreement to a month-to-month term, the Parties have not entered into a Subsequent Agreement and no arbitration proceeding has been filed in accordance with Section B above, then either Party may terminate this Agreement upon sixty (60) days notice to the other Party. In the event that AT&T Texas terminates this Agreement as provided above, AT&T Texas shall continue to offer services to Carrier pursuant to the terms, conditions and rates set forth in AT&T Texas' Cellular Mobile Telephone Interconnection Tariff as amended from time to time. In the event that AT&T Texas terminates this Agreement and AT&T Texas provides services as stated above, the Parties may continue to negotiate a Subsequent Agreement, and the terms of such Subsequent Agreement shall be effective ten (10) calendar days after the Commission approves the Agreement under Section 252(e) of the Act or, absent such Commission approval, the date the Agreement is deemed approved under Section 252(e)(4) of the Act.

III. Compensation and Billing

A. Compensation

1. The delivery of Local Traffic shall be one way from AT&T Texas to Carrier. The delivery of traffic on AT&T Texas' interLATA EAS routes shall be considered as Local Traffic. EAS routes are those exchanges that are covered by an FCC approved or court ordered InterLATA boundary waiver.

2. AT&T Texas will pay Carrier for terminating its Local Traffic on the Carrier's network the local interconnection rates as set forth in Attachment B-1. Charges for terminating traffic will be in accumulated conversation minutes, whole and partial, measured from receipt of answer supervision to receipt of disconnect supervision and rounded up to the next whole minute at the close of the billing period. If Carrier is unable to measure traffic in this manner, the charges from Carrier for traffic terminating to Carrier will be based upon actual usage determined by multiplying the actual number of pages per month times the

facilities percentage referenced in Section IV Paragraph B (85%) times the average hold time per page, which is agreed to by the parties as fifteen (20) seconds per page, and rounding up to the next whole minute at the close of the billing period. The parties will share the recurring charges for certain transport facilities for Local Traffic as more fully set forth in Section IV of this Agreement. Carrier's share of charges for such local transport facilities are to be billed and paid pursuant to the terms and conditions of the applicable state tariff(s) from which such facilities are provided.

B. Audits

Upon thirty (30) days written notice, each party must provide the other the ability and opportunity to conduct an annual audit to ensure the proper billing of traffic between the parties. The parties will retain records of call detail for a minimum of nine months.

C. Billing Charges

1. The charges for Local Interconnection are to be billed monthly and payment for services provided is due on or before the next bill date.
2. Charges for terminating traffic will be the actual conversation minutes of use (MOUs) measured from receipt of answer supervision to receipt of disconnect supervision, with such time accumulated at the end of the billing period and rounded up to the next whole minute as defined in Section III.A.2 of this Agreement.
3. Billing disputes shall be handled pursuant to the terms of this section.
 - a. Each Party agrees to notify the other Party in writing upon the discovery of a billing dispute. In the event of a billing dispute, the Parties will endeavor to resolve the dispute within sixty (60) calendar days of the notification date. If the Parties are unable within the 60 day period to reach resolution, then the aggrieved Party may pursue dispute resolution in accordance with the terms of this Agreement.
 - b. For purposes of this Section, a billing dispute means a dispute of a specific amount of money actually billed by either Party. The dispute must be clearly explained by the disputing Party and supported by written documentation, which clearly shows the basis for disputing charges. By way of example and not by limitation, a billing dispute will not include the refusal to pay all or part of a bill or bills when no written documentation is provided to support the dispute, nor shall a billing dispute include the refusal to pay other amounts owed by the billed Party until the dispute is resolved. Claims by the billed Party for damages of any kind will not be considered a billing dispute for purposes of this Section. Once the billing dispute is resolved, the disputing Party will make immediate payment of any of the disputed amount owed to the billing Party or the billing Party shall have the right to pursue normal treatment procedures. Any credits due to the disputing Party, pursuant to the billing dispute, will be applied to the disputing Party's account by the billing Party immediately upon resolution of the dispute.
 - c. If a Party disputes a charge and does not pay such charge by the payment due date, or if a payment or any portion of a payment is received by either Party after the payment due date, or if a payment or any portion of a payment is received in funds which are not immediately available to the other Party, then a late payment charge shall be

assessed. For bills rendered by either Party for payment, the late payment charge for both Parties shall be calculated based on the portion of the payment not received by the payment due date times the late factor. The Parties shall assess interest on previously assessed late payment charges only in a state where it has the authority pursuant to its tariffs.

4. Late payment charges shall be the lower of 1.5% per month or such other percent as specified by an appropriate state regulatory agency or required by law. For bills rendered by either Party for payment, the late payment charge for both Parties shall be applied any portion of the payment not received by the billing Party on or before the payment due date.

5. All charges under this Agreement shall be billed within one (1) year from the time the charge was incurred; previously unbilled charges more than one (1) year old shall not be billed by either Party.

Deposit Policy. When purchasing services from AT&T Texas, Carrier will be required to complete the AT&T Texas Credit Application and provide information regarding credit worthiness. Based on the results of the credit analysis, AT&T Texas reserves the right to secure the account with a suitable form of security deposit. Such security deposit shall take the form of cash, an Irrevocable Letter of Credit (a form acceptable by AT&T), Surety Bond (a form acceptable by AT&T) or, in its sole discretion, some other form of security. Any such security deposit shall in no way release Carrier from its obligation to make complete and timely payments of its bill. Such security shall be required prior to the inauguration of service. If, in the sole opinion of AT&T Texas, circumstances so warrant and/or gross monthly billing has increased beyond the level initially used to determine the level of security, AT&T Texas reserves the right to request additional security and/or file a Uniform Commercial Code (UCC1) security interest in Carrier's "accounts receivables and proceeds." Interest on a security deposit, if provided in cash, shall accrue and be paid in accordance with the terms in the appropriate AT&T Texas tariff. Security deposits collected under this Section shall not exceed two months' estimated billing. In the event Carrier fails to remit to AT&T Texas any deposit requested pursuant to this Section, service to Carrier may be terminated and any security deposits will be applied to Carrier's account(s).

D. Intentionally Deleted

IV. Methods of Interconnection

A. There are three appropriate methods of interconnecting facilities: (1) Type 1- End Office Switch Interface. The Parties may establish Trunk Groups at a Telco End Office Switch using a Type 1 interface.; (2) Type 2B - End Office Switch Interface. The Parties may establish Trunk Groups at a Telco End Office Switch using a Type 2B interface, when and where available; and (3) Type 2A - Tandem Switch Interface. Carrier may establish Trunk Groups at a Telco Tandem Switch using a Type 2A interface. Facilities used for Type 1, Type 2A and Type 2B may be purchased pursuant to the applicable AT&T-Texas access tariff subject, however, to the sharing of recurring charges for certain transport facilities for Local Traffic as more fully set forth in this section.

B. The parties will accept and provide any of the preceding methods of interconnection. Connectivity shall be established to at least one AT&T Texas access/local tandem within every LATA Carrier desires to serve, or Carrier may elect to interconnect directly at an end office. In the event a party interconnects via the purchase of facilities and/or services from the other party, the appropriate intrastate access tariff, as amended from time to time will apply. The parties acknowledge, however, that with respect to such facilities that run from AT&T Texas' tandem or end office to Carrier's first switch or terminal as the case may

be, in the same LATA as the interconnected AT&T Texas tandem or end office, the applicable recurring charges for such facilities will be shared by the parties with AT&T Texas responsible for 85% of the facility charges and Carrier responsible for 15% of the facility charges, except that AT&T Texas shall only share the cost of the first twenty-five (25) miles of interoffice facilities, with Carrier responsible for all other interoffice facility charges. Sharing of recurring facility charges shall apply to activated trunks only. Carrier shall be and remain solely responsible for all installation and other nonrecurring charges for such facilities per AT&T Texas state tariffs.

C. The decision to activate facilities for which charges are shared will be made by the party responsible for the majority of the recurring charges for the facility. This decision will be based on traffic information from studies performed by AT&T Texas or, if AT&T Texas has not or will not perform such studies, by traffic information provided by Carrier. Recurring facility charges sharing will be at the DS1 level for transport facilities at the DS1 or higher level. If trunks have been activated in quantities exceeding the capacity of a full DS1, but not sufficient to fully occupy an additional DS1, sharing will be rounded up to the next DS1. Sharing of recurring facility charges for those carriers who subscribe to voice grade transport at less than the DS1 level will be based on actual facilities installed.

D. Intentionally Deleted

E. When the parties provide an access service connection between an interexchange carrier ("IXC") and each other, each party will provide its own access services to the IXC. Each party will bill its own access services rates to the IXC.

F. The ordering and provision of all services purchased from AT&T by Carrier shall be as set forth in the AT&T Texas Prime Access Website. That website is amended by AT&T Texas from time to time during the term of this Agreement.

V. Access To Poles, Ducts, Conduits, and Rights of Way

AT&T Texas will provide nondiscriminatory access to any pole, duct, conduit, or right-of-way owned or controlled by AT&T Texas pursuant to 47 U.S.C § 224, as amended by the Act, pursuant to terms and conditions of an amendment to this Agreement, subsequently negotiated with AT&T Texas.

VI. Access to Telephone Numbers

Carrier is responsible for interfacing with the North American Numbering Plan administrator for all matters dealing with dedicated NXXs. AT&T Texas will cooperate with Carrier in the provision of shared NXXs where AT&T Texas is the service provider.

VII. Network Design and Management

A. The parties agree to work cooperatively to install and maintain reliable interconnected telecommunications networks, including but not limited to, maintenance contact numbers and escalation procedures. AT&T Texas agrees to provide public notice of changes in the information necessary for the transmission and routing of services using its local exchange facilities or networks, as well as of any other changes that would affect the interoperability of those facilities and networks.

B. The interconnection of all networks will be based upon accepted industry/national guidelines for transmission standards and traffic blocking criteria.

C. The parties will work cooperatively to apply sound network management principles by invoking appropriate network management controls to alleviate or prevent network congestion.

1. Network Congestion - When AT&T Texas notifies carrier that capacity issues at any AT&T Texas tandem, including but not limited to port capacity and processing capacity, require Carrier to add interconnection facilities to additional AT&T Texas tandems or to AT&T Texas end offices, the Parties agree to joint planning sessions through which the Parties will develop mutually acceptable plan(s) to alleviate such tandem capacity problems. Such mutually agreed to plans may include AT&T Texas providing the necessary transport facilities past the tandem for Carrier to provide Type 2B interconnection and waving the charges for such facilities from the tandem to the end office provided however that Carrier agrees to compensate AT&T Texas for the necessary interconnections facilities to the POI.

2. Tandem Traffic Volume - Where multiple AT&T Texas tandems exist within a LATA, and where either Party has the capability to measure the amount of traffic between Carrier's switch and an interconnected AT&T Texas tandem, then in the event that the amount of traffic delivered to end offices that sub-tend another specific AT&T Texas tandem in the same LATA exceeds two DS1's (624,000 minutes of use) level of traffic per month for two consecutive month's, then Carrier shall install and retain interconnection trunks to such tandem, in addition to the existing AT&T Texas tandem interconnection(s).

3. End Office Traffic Volume - Where either Party has the capability to measure the amount of traffic between Carrier's switch and a specific AT&T Texas end office, in the event that the amount of traffic Carrier delivers to that end office exceeds one DS3's (6 million minutes of use) level of traffic per month for two consecutive months, then Carrier shall install and retain Type 2B interconnection trunks to such end office.

D. Interconnection reconfigurations will have to be considered individually as to the application of a charge. Notwithstanding the foregoing, AT&T Texas intends to charge non-recurring fees for any additions to, or added capacity to, any facility or trunk provided to Carrier.

E. The parties agree to provide each other with the proper call information, including all proper translations for routing between networks and any information necessary for billing where AT&T Texas provides recording capabilities. This exchange of information is required to enable each party to bill properly.

VIII. Liability and Indemnification

A. In the event that Carrier consists of two (2) or more separate entities as set forth in this Agreement and/or any amendment hereto, or any third party places orders under this Agreement using Carrier's company codes or identifiers, all such entities shall be jointly and severally liable for the obligations of Carrier under this Agreement.

B. Neither Party shall be liable to the other for any act or omission of any other telecommunications company providing a portion of a service under this Agreement.

C. Neither Party is liable for damages to the other Party's terminal location, Point of Interface (POI), equipment, nor customer's premises resulting from the furnishing of a service, including but not limited to the installation and removal of equipment and associated wiring, unless the damage is caused by a Party's willful misconduct.

- D. Except for any indemnification obligations of the Parties hereunder, each Party's liability to the other for any claim, loss, injury, liability or expense including reasonable attorneys' fees relating to arising from any cause whatsoever, whether based in contract negligence or other tort, strict liability or otherwise, relating to the performance of this Agreement shall not exceed a credit for the actual cost of the services or functions not performed or improperly performed.
- E. A Party may, in its sole discretion, provide in its tariffs and contracts with its Customer and third parties that relate to any service, product or function provided or contemplated under this Agreement, that to the maximum extent permitted by Applicable Law, such Party shall not be liable to Customer or third Party for (i) any loss relating to or arising out of this Agreement, whether in contract, tort or otherwise, that exceeds the amount such Party would have charged that applicable person for the service, product or function that gave rise to such loss and (ii) consequential damages. To the extent that a Party elects not to place in its tariffs or contracts such limitations of liability, and the other Party incurs a loss as a result thereof, such Party shall, except to the extent caused by the other Party's negligence or willful misconduct, indemnify and reimburse the other Party for that portion of the loss that would have been limited had the first Party included in its tariffs and contracts the limitations of liability that such other Party included in its own tariffs at the time of such loss.
- F. Under no circumstance shall a Party be responsible or liable for indirect, incidental, or consequential damages, including, but not limited to, economic loss or lost business or profits, damages arising from the use or performance of equipment or software, or the loss of use of software or equipment, or accessories attached thereto, delay, error, or loss of data. In connection with this limitation of liability, each Party recognizes that the other Party may, from time to time, provide advice, make recommendations, or supply other analyses related to the Services, or facilities described in this Agreement, and, while each Party shall use diligent efforts in this regard, the Parties acknowledge and agree that this limitation of liability shall apply to provision of such advice, recommendations, and analyses.
- G. Neither Party assumes liability for the accuracy of the data provided to it by the other Party.
- H. To the extent any specific provision of this Agreement purports to impose liability, or limitation of liability, on either Party different from or in conflict with the liability or limitation of liability set forth in this Section, then with respect to any facts or circumstances covered by such specific provision, the liability or limitation of liability contained in such specific provision shall apply.
- I. Except to the extent caused by the indemnified Party's gross negligence or willful misconduct, the Party providing services hereunder, its Affiliates and its parent company, shall be indemnified, defended and held harmless by the Party receiving services hereunder against any claim, loss or damage arising from the receiving Party's use of the services provided under this Agreement pertaining to (1) claims for libel, slander or invasion of privacy arising from the content of the receiving Party's own communications, or (2) any claim, loss or damage claimed by the End User of the Party receiving services arising from such company's use or reliance on the providing Party's services, actions, duties or obligations arising out of this Agreement.
- J. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES TO THE OTHER PARTY CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, OR FACILITIES PROVIDED UNDER THIS AGREEMENT. THE PARTIES DISCLAIM, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.

K. The obligations of the Parties contained within this section XVI shall survive the expiration of this Agreement.

IX. Intellectual Property Rights and Indemnification

A. No License. No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. The Parties are strictly prohibited from any use, including but not limited to, in the selling, marketing, promoting or advertising of telecommunications services, of any name, service mark, logo or trademark (collectively, the "Marks") of the other Party. The Marks include those Marks owned directly by a Party or its Affiliate(s) and those Marks that a Party has a legal and valid license to use. The Parties acknowledge that they are separate and distinct and that each provides a separate and distinct service and agree that neither Party may, expressly or impliedly, state, advertise or market that it is or offers the same service as the other Party or engage in any other activity that may result in a likelihood of confusion between its own service and the service of the other Party.

B. Ownership of Intellectual Property. Any intellectual property that originates from or is developed by a Party shall remain the exclusive property of that Party. Except for a limited, non-assignable, non-exclusive, non-transferable license to use patents or copyrights to the extent necessary for the Parties to use any facilities or equipment (including software) or to receive any service solely as provided under this Agreement, no license in patent, copyright, trademark or trade secret, or other proprietary or intellectual property right, now or hereafter owned, controlled or licensable by a Party, is granted to the other Party. Neither shall it be implied nor arise by estoppel. Any trademark, copyright or other proprietary notices appearing in association with the use of any facilities or equipment (including software) shall remain on the documentation, material, product, service, equipment or software. It is the responsibility of each Party to ensure at no additional cost to the other Party that it has obtained any necessary licenses in relation to intellectual property of third Parties used in its network that may be required to enable the other Party to use any facilities or equipment (including software), to receive any service, or to perform its respective obligations under this Agreement.

C. Intellectual Property Remedies

1. Indemnification. The Party providing a service pursuant to this Agreement will defend the Party receiving such service or data provided as a result of such service against claims of infringement arising solely from the use by the receiving Party of such service in the manner contemplated under this Agreement and will indemnify the receiving Party for any damages awarded based solely on such claims in accordance with Section VIII, preceding.

2. Exception to Obligations. Neither Party's obligations under this Section shall apply to the extent the infringement is caused by: (i) modification of the facilities or equipment (including software) by the indemnitee; (ii) use by the indemnitee of the facilities or equipment (including software) in combination with equipment or facilities (including software) not provided or authorized by the indemnitor, provided the facilities or equipment (including software) would not be infringing if used alone; (iii) conformance to specifications of the indemnitee which would necessarily result in infringement; or (iv) continued use by the indemnitee of the affected facilities or equipment (including software) after being placed on notice to discontinue use as set forth herein.

3. Exclusive Remedy. The foregoing shall constitute the Parties' sole and exclusive remedies and obligations with respect to a third party claim of intellectual property infringement arising out of the conduct of business under this Agreement.

4. Dispute Resolution. Any claim arising under Section IX.A and IX.B shall be excluded from the dispute resolution procedures set forth in Section XIII, and shall be brought in a court of competent jurisdiction.

X. Modification of Agreement

A. Pursuant to 47 USC § 252(i) and 47 C.F.R. § 51.809, AT&T Texas shall make available to Carrier any entire interconnection agreement filed and approved pursuant to 47 USC § 252. The adopted agreement shall apply to the same states as the agreement that was adopted, and the term of the adopted agreement shall expire on the same date as set forth in the agreement that was adopted.

B. If Carrier changes its name or makes changes to its company structure or identity due to a merger, acquisition, transfer or any other reason, it is the responsibility of Carrier to notify AT&T Texas of said change and request that an amendment to this Agreement, if necessary, be executed to reflect said change.

C. No modification, amendment, supplement to, or waiver of the Agreement or any of its provisions shall be effective and binding upon the Parties unless it is made in writing and duly signed by the Parties.

B. Execution of this Agreement by either Party does not confirm or infer that the executing Party agrees with any decision(s) issued pursuant to the Telecommunications Act of 1996 and the consequences of those decisions on specific language in this Agreement. Neither Party waives its rights to appeal or otherwise challenge any such decision(s) and each Party reserves all of its rights to pursue any and all legal and/or equitable remedies, including appeals of any such decision(s).

C. In the event that any effective legislative, regulatory, judicial or other legal action materially affects any material terms of this Agreement, or the ability of Carrier or AT&T Texas to perform any material terms of this Agreement, Carrier or AT&T Texas may, on thirty (30) days' written notice require that such terms be renegotiated, and the Parties shall renegotiate in good faith such mutually acceptable new terms as may be required. In the event that such new terms are not renegotiated within ninety (90) days after such notice, the Dispute shall be referred to the Dispute Resolution procedure set forth in Section XIII.

D. If any provision of this Agreement, or the application of such provision to either Party or circumstance, shall be held invalid, the remainder of the Agreement, or the application of any such provision to the Parties or circumstances other than those to which it is held invalid, shall not be effective thereby, provided that the Parties shall attempt to reformulate such invalid provision to give effect to such portions thereof as may be valid without defeating the intent of such provision.

XI. Taxes and Fees

A. Definition. For purposes of this section, the terms "taxes" and "fees" shall include but not be limited to federal, state or local sales, use, excise, gross receipts or other taxes or tax-like fees of whatever nature and however designated (including tariff surcharges and any fees, charges or other payments, contractual or otherwise, for the use of public streets or rights of way, whether designated as franchise fees or otherwise) which are imposed, or sought to be imposed, on or with respect to the services furnished hereunder or measured by the charges or payments therefor.

B. Taxes And Fees Imposed Directly On Either Providing Party Or Purchasing Party.

1. Taxes and fees imposed on the providing party, which are neither permitted nor required to be passed on by the providing party to its customer, shall be borne and paid by the providing party.

2. Taxes and fees imposed on the purchasing party, which are not required to be collected and/or remitted by the providing party, shall be borne and paid by the purchasing party.

C. Taxes And Fees Imposed On Purchasing Party But Collected And Remitted By Providing Party.

1. Taxes and fees imposed on the purchasing party shall be borne by the purchasing party, even if the obligation to collect and/or remit such taxes or fees is placed on the providing party.
2. To the extent permitted by applicable law, any such taxes and fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing party at the time that the respective service is billed.
3. If the purchasing party determines that in its opinion any such taxes or fees are not payable, the providing party shall not bill such taxes or fees to the purchasing party if the purchasing party provides written certification, reasonably satisfactory to the providing party, stating that it is exempt or otherwise not subject to the tax or fee, setting forth the basis therefore, and satisfying any other requirements under applicable law. If any authority seeks to collect any such tax or fee that the purchasing party has determined and certified not to be payable, or any such tax or fee that was not billed by the providing party, the purchasing party shall have the right, at its own expense, to contest the same in good faith, in its own name or on the providing party's behalf. In any such contest, the purchasing party shall promptly furnish the providing party with copies of all filings in any proceeding, protest, or legal challenge, all rulings issued in connection therewith, and all correspondence between the purchasing party and the governmental authority.
4. In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing party during the pendency of such contest, the purchasing party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
5. If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing party shall pay such additional amount, including any interest and penalties thereon.
6. Notwithstanding any provision to the contrary, the purchasing party shall protect, indemnify and hold harmless (and defend at the purchasing party's expense) the providing party from and against any such tax or fee, interest or penalties thereon, or other charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by the providing party in connection with any claim for or contest of any such tax or fee.
7. Each party shall notify the other party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a governmental authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.

8. The Purchasing Party shall have the right, at its own expense, to claim a refund or credit, in its own name or on the Providing Party's behalf, of any such tax or fee that it determines to have paid in error, and the Purchasing Party shall be entitled to any recovery thereof.

D. Taxes And Fees Imposed On Providing Party But Passed On To Purchasing Party.

1. Taxes and fees imposed on the providing party, which are permitted or required to be passed on by the providing party to its customer, shall be borne by the purchasing party.

2. To the extent permitted by applicable law, any such taxes and fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing party at the time that the respective service is billed.

3. If the purchasing party disagrees with the providing party's determination as to the application or basis of any such tax or fee, the Parties shall consult with respect to the imposition and billing of such tax or fee and with respect to whether to contest the imposition of such tax or fee. Notwithstanding the foregoing, the providing party shall retain ultimate responsibility for determining whether and to what extent any such taxes or fees are applicable, and the purchasing party shall abide by such determination and pay such taxes or fees to the providing party. The providing party shall further retain ultimate responsibility for determining whether and how to contest the imposition of such taxes or fees; provided, however, that any such contest undertaken at the request of the purchasing party shall be at the purchasing party's expense.

4. In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing party during the pendency of such contest, the purchasing party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.

5. If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing party shall pay such additional amount, including any interest and penalties thereon.

6. Notwithstanding any provision to the contrary, the purchasing party shall protect, indemnify and hold harmless (and defend at the purchasing party's expense) the providing party from and against any such tax or fee, interest or penalties thereon, or other charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by the providing party in connection with any claim for or contest of any such tax or fee.

7. Each party shall notify the other party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a governmental authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.

E. Mutual Cooperation. In any contest of a tax or fee by one Party, the other Party shall cooperate fully by providing records, testimony and such additional information or assistance as may reasonably be necessary to pursue the contest. Further, the other Party shall be reimbursed for any reasonable and necessary out-of-pocket copying and travel expenses incurred in assisting in such contest.

XII. Treatment of Proprietary and Confidential Information

A. It may be necessary for AT&T Texas and Carrier, each as the "Discloser," to provide to the other Party, as "Recipient," certain proprietary and confidential information (including trade secret information) including but not limited to technical, financial, marketing, staffing and business plans and information, strategic information, proposals, request for proposals, specifications, drawings, maps, prices, costs, costing methodologies, procedures, processes, business systems, software programs, techniques, customer account data, call detail records and like information (collectively the "Information"). All such Information conveyed in writing or other tangible form shall be clearly marked with a confidential or proprietary legend. Information conveyed orally by the Discloser to Recipient shall be designated as proprietary and confidential at the time of such oral conveyance, shall be reduced to writing by the Discloser within forty-five (45) days thereafter, and shall be clearly marked with a confidential or proprietary legend.

B. Use and Protection of Information. Recipient agrees to protect such Information of the Discloser provided to Recipient from whatever source from distribution, disclosure or dissemination to anyone except employees of Recipient with a need to know such Information solely in conjunction with Recipient's analysis of the Information and for no other purpose except as authorized herein or as otherwise authorized in writing by the Discloser. Recipient will not make any copies of the Information inspected by it.

C. Exceptions. Recipient will not have an obligation to protect any portion of the Information which:

(a) is made publicly available by the Discloser or lawfully by a nonparty to this Agreement; (b) is lawfully obtained by Recipient from any source other than Discloser; (c) is previously known to Recipient without an obligation to keep it confidential; or (d) is released from the terms of this Agreement by Discloser upon written notice to Recipient.

D. Recipient agrees to use the Information solely for the purposes of negotiations pursuant to 47 U.S.C. 251 or in performing its obligations under this Agreement and for no other entity or purpose, except as may be otherwise agreed to in writing by the Parties. Nothing herein shall prohibit Recipient from providing information requested by the Federal Communications Commission or a state regulatory agency with jurisdiction over this matter, or to support a request for arbitration or an allegation of failure to negotiate in good faith.

E. Recipient agrees not to publish or use the Information for any advertising, sales promotions, press releases, or publicity matters that refer either directly or indirectly to the Information or to the Discloser or any of its affiliates.

F. The disclosure of Information neither grants nor implies any license to the Recipient under any trademark, patent, copyright, or application, which is now or may hereafter be owned by the Discloser.

G. Survival of Confidentiality Obligations. The Parties' rights and obligations under this Section XII shall survive and continue in effect until two (2) years after the expiration or termination date of this Agreement with regard to all Information exchanged during the term of this Agreement. Thereafter, the Parties' rights and obligations hereunder survive and continue in effect with respect to any Information that is a trade secret under applicable law.

XIII. Resolution of Disputes

Except as otherwise stated in this Agreement, the parties agree that if any dispute arises as to the interpretation of any provision of this Agreement or as to the proper implementation of this Agreement, the parties

will initially refer the issue to the appropriate company representatives. If the issue is not resolved within 30 days, either party may petition the FCC or applicable Commission for a resolution of the dispute. However, each party reserves the right to seek judicial review of any ruling made by the Commission concerning this Agreement.

XIV. Limitation of Use

The parties agree that this Agreement shall not be proffered by either party in another jurisdiction as evidence of any concession or as a waiver of any position taken by the other party in that jurisdiction or for any other purpose.

XV. Waivers

Any failure by either party to insist upon the strict performance by the other party of any of the provisions of this Agreement shall not be deemed a waiver of any of the provisions of this Agreement, and each party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Agreement.

XVI. Assignment

Any assignment by either Party to any non-affiliated entity of any right, obligation or duty, or of any other interest hereunder, in whole or in part, without the prior written consent of the other Party shall be void. A Party may assign this Agreement or any right, obligation, duty or other interest hereunder to an Affiliate of the Party without the consent of the other Party; provided, however, that the assigning Party shall notify the other Party in writing of such assignment thirty (30) days prior to the Effective Date thereof. The Parties shall amend this Agreement to reflect such assignments and shall work cooperatively to implement any changes required due to such assignment. All obligations and duties of any Party under this Agreement shall be binding on all successors in interest and assigns of such Party. No assignment or delegation hereof shall relieve the assignor of its obligations under this Agreement in the event that the assignee fails to perform such obligations.

XVII. Severability

In the event that any provision of this Agreement shall be held invalid, illegal, or unenforceable, it shall be severed from the Agreement and the remainder of this Agreement shall remain valid and enforceable and shall continue in full force and effect; provided however, that if any severed provisions of this Agreement are essential to any party's ability to continue to perform its material obligations hereunder, the parties shall immediately begin negotiations of new provisions to replace the severed provisions.

XVIII. Survival

Any liabilities or obligations of a party for acts or omissions prior to the cancellation or termination of this Agreement, any obligation of a party under the provisions regarding indemnification, confidential information, limitations of liability and any other provisions of this Agreement which, by their terms, are contemplated to survive (or be performed after) termination of this Agreement, shall survive cancellation or termination thereof.

XIX. Governing Law

This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Texas, without regard to its conflict of laws principles, and the Communications Act of 1934 as amended by the Act.

XX. Arm's Length Negotiations

XXI. Filing of Agreement

Upon execution of this Agreement, it shall be filed with the appropriate state regulatory agency pursuant to the requirements of Section 252 of the Act. If the regulatory agency imposes any filing or public notice fees regarding the filing or approval of the Agreement, Carrier shall be responsible for publishing the required notice and the publication and/or notice costs shall be borne by Carrier.
