AT&T Facility Portal Access Agreement California Commission Staff

Disclaimer: Please note that data contained in the AT&T Facility Portal may not be completely accurate and may not reflect changes in the field that have occurred since data collection or submission. The information in the AT&T Facility Portal is the most recent information available to AT&T. Data in the AT&T Facility Portal must be verified before use in load calculations or for other purposes. AT&T does not verify data third parties provide. It is the responsibility of the information requestor to verify and validate the information in accordance with all existing safety requirements. Some attachers have asserted that their attachment data is proprietary and confidential. This Agreement only authorizes the signatory to this Agreement to access and use of information in the AT&T Facility Portal.

- 1) I will only use the AT&T Facility Portal for the purposes identified above.
- 2) I will not permit any others to use my access credentials to access the AT&T Facility Portal.
- 3) I will comply with the California Public Utilities Code.
- 4) Either I, or my employer, will immediately notify AT&T if my right to access the AT&T Facility Portal is withdrawn or revoked for any reason.
