

BellSouth Interconnection Services

675 West Peachtree Street Atlanta, Georgia 30375

Carrier Notification SN91082270

Date: March 14, 2002

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs – REVISED: Mississippi Public Service Commission (PSC) Final Order for

DeSoto County (Latest revision posted on October 11, 2001)

On October 11, 2001, all CLECs were notified in Carrier Notification Letter SN91082270 that effective October 18, 2001, the local service would change for DeSoto County **Resale** CLEC end users in the Hernando exchange and the Memphis exchange.

On March 17, 2001, BellSouth ceased the billing of BellSouth local tolls. This cessation of billing was an interim measure. **Effective March 8, 2002, billing for all applicable BellSouth local tolls was resumed.** The affected exchanges are:

- Hernando, Mississippi TO Memphis, Tennessee
- Hernando, Mississippi TO Collierville, Tennessee
- Hernando, Mississippi TO Olive Branch, Mississippi
- Hernando, Mississippi TO Byhalia, Mississippi
- Hernando, Mississippi TO Chulahoma, Mississippi
- Hernando, Mississippi TO Memphis, Mississippi
- Hernando, Mississippi TO Collierville, Mississippi
- Memphis, Mississippi TO Hernando, Mississippi
- Memphis, Mississippi TO Olive Branch, Mississippi
- Memphis, Mississippi TO Byhalia, Mississippi

This Order applies to telephone subscribers who request new service and who transfer service to a new address within these exchanges. It also applies to current telephone subscribers.

Flat Rate service is no longer available in the Hernando Exchange. For CLEC end users in the DeSoto County Hernando Exchange, basic local service is the Area Calling Plan. For Mississippi CLEC end users in the Memphis exchange, basic local service includes the Collierville and Memphis Extended Local Calling Plan. Each of these arrangements provide seven-digit local calling in DeSoto County as required by the Mississippi PSC Order.

Effective October 18, 2001, the local service **was** changed for DeSoto County CLEC end users in the Hernando exchange and the Memphis exchange. The changes were implemented on November 7, 2001. Due to varying bill cycles, the billing changes **were** reflected on the CLEC's bill from one to three Bill Periods following the implementation date. The Mississippi PSC Order did not include the communities of Cochran, Coldwater and Independence, Mississippi.

When ordering Flat Rate service for DeSoto County end users in the Memphis or Hernando exchange, the use of obsolete Flat Rate Uniform Service Order Codes (USOC) is prohibited in compliance with the Mississippi PSC Order. Please refer to the attachment for information on USOCs for the affected exchanges for the following NPA NXXs:

Hernando, Mississippi	<u>NPA</u> 662	<u>NXX</u> 429, 449
Memphis, Mississippi	662	280, 342, 393, 781, 349.

BellSouth offers several plans that meet the requirements including Collierville and Memphis Extended Local Calling Plan; Area Plus Service and Area Plus Service w/Complete Choice in Memphis; and Area Calling Plan Economy, Area Calling Plan Standard, Area Calling Plan Economy w/Complete Choice, Area Calling Plan Standard w/Complete Choice, Area Plus Service, and Area Plus Service w/Complete Choice in Hernando.

The local toll calling for end users with an Optional Calling Plan in the DeSoto County Hernando Exchange and for Mississippi CLEC end users in the Memphis exchange should be examined to determine if the current Optional Calling Plan remains beneficial. The Optional Calling Plan on end user accounts that overlap into the Area Calling Plan will be removed during the conversion.

BellSouth has now completed the implementation of the final arrangement specified by the Mississippi PSC Order. In compliance with the DeSoto County Mississippi PSC Order, alternate selections were made for CLEC end-user accounts as of October 15, 2001. After that date, an automatic selection process was implemented according to the tables below:

Residence and Business

MEMPHIS, MISSISSIPPI CUSTOMERS

Existing Service	Service Converted to
Flat Rate	Flat Rate w/Collierville-Memphis Plan
Standard Measured Service	Flat Rate w/Collierville-Memphis Plan
Low Use Measured Service	Flat Rate w/Collierville-Memphis Plan
Message Rate Service	Message Rate Service w/Collierville-Memphis Plan
RegionServ®	Flat Rate w/Collierville-Memphis Plan
Area Plus – 40 Mile	Area Plus LATAwide
Area Plus w/Complete Choice – 40 Mile	Area Plus w/Complete Choice LATAwide

HERNANDO, MISSISSIPPI CUSTOMERS

Existing Service	Service Converted to
Flat Rate	Area Calling Plan Economy
Standard Measured Service	Area Calling Plan Economy
Low Use Measured Service	Area Calling Plan Economy
Complete Choice	Area Calling Plan Economy w/Complete Choice

DeSoto County Complete Choice Customers

Effective October 18, 2001, calls made to Hernando, Byhalia, and Olive Branch, Mississippi were included as part of the Complete Choice plan, on a 7-digit dialing basis at no additional cost.

CENTREX TYPE SERVICES

MEMPHIS, MISSISSIPPI CUSTOMERS

For end users in the Memphis, Mississippi exchange, basic local service include the Collierville and Memphis Extended Local Calling plan, e.g., local calling to the exchanges of Hernando, Byhalia and Olive Branch. BellSouth has determined that CENTREX Type Services (BellSouth® Centrex service, MultiServ® service, MultiServ® PLUS service, ESSX® service, and Digital ESSX® service) in Memphis, Mississippi include local calling to the exchanges of Hernando, Byhalia, and Olive Branch as part of the service. Therefore, end users continue to receive the Centrex Type Service to which they were currently subscribing with the addition of seven-digit local calling in Desoto County as required by the Mississippi PSC Order.

HERNANDO, MISSISSIPPI CUSTOMERS

For end users in the Hernando exchange, basic local service is the Hernando Area Calling Plan. The Hernando Area Calling Plan provides seven-digit local calling in Desoto County as required by the Mississippi PSC Order. Those end users that were currently subscribing to ESSX® service with the Hernando Area Calling Plan saw no change as a result of this order; however, it should be noted that Flat Rate service is no longer be available in the Hernando Exchange.

Integrated Services Digital Network (ISDN) TYPE SERVICES

MEMPHIS, MISSISSIPPI CUSTOMERS

For Basic Rate ISDN end users in the Memphis, Mississippi exchange, the basic local service now includes Byhalia, Hernando and Olive Branch at no additional charge. By implementing the Mississippi PSC Order, RegionServ® is no longer be available. All ISDN end users subscribing to the RegionServ® calling plan were converted to the Flat Rate Plan with local calling to Byhalia, Hernando and Olive Branch.

HERNANDO, MISSISSIPPI CUSTOMERS

For Basic Rate ISDN end users in the Hernando exchange, basic local service is a Local Access and Transport Area (LATA) Wide offering. All calls in the customers' LATA is treated as local calls. The new plan, known as Usage Option Plan D, allows 800 hours of usage per month per ISDN line.

For Primary Rate ISDN end users in the Hernando exchange, basic local service is the PRI Area Calling Plan.

Below are the new Uniform Services Order Codes (USOC) for the 800-Hour Usage Option Plan D in Mississippi.

	BCS	USOC	BUSINES	DECIDENCE
Description			S	RESIDENCE
