

BellSouth Interconnection Services

675 West Peachtree Street Atlanta, Georgia 30375

Carrier Notification SN91083160

Date: June 19, 2002

To: All Competitive Local Exchange Carriers (CLEC), Commercial Mobile Radio

Service (CMRS), CMRS Meet Point Billing (MPB) and Interexchange Carriers

(IXCs)

Subject: CLECs, CMRS, CMRS- MPB and IXCs - Billing Change to Non-Common Minutes

of Use for Independent Telephone Companies (ICO) in the BellSouth Nine-State

Region

This is to advise that effective August 31, 2002, a billing change to non-common minutes of use will be implemented between BellSouth and ICOs in the nine-state BellSouth region.

Non-common minutes occur when each company bills from its recordings without the exchange of summary records between exchange companies. Primarily, the Initial Billing Company (IBC) was responsible for determining the jurisdiction, factoring, etc., for all usage (i.e., interstate, intrastate and local) and providing it to the Subsequent Billing Company (SBC) for billing to the customers. The Multiple Exchange Carrier Access Billing (MECAB) document, prepared by the Ordering and Billing Forum (OBF), establishes the guidelines for billing when multiple local exchange carriers are involved in providing service. The elimination of common minutes of use billing was approved at the OBF in November 2000, for implementation between companies starting January 1, 2001, and ending August 31, 2002.

The individual companies should also be notifying their customers of this change. All payments will continue to be made to the company rendering the access bill. Please refer to the attachment for a listing of the individual companies in each state.

Please contact your BellSouth Account Team Representative with any questions.

Sincerely,

ORIGINAL SIGNED BYJIM BRINKLEY

Jim Brinkley – Senior Director BellSouth Interconnection Services
