Subject: All Interconnection Services Customers – (Business/Operational) – BellSouth
Implementation of Access Service Request (ASR) Version 30

This is to advise that on Saturday, March 12, 2005, BellSouth will implement ASR Version 30 with an effective date of Monday, March 14, 2005. ASRs received on or after March 14, 2005, must comply with the requirements of ASR Version 30 or the ASRs will be rejected.

Currently, BellSouth does not have any product offerings that would require the use of the Ports Configuration Forms that are being implemented with ASR Version 30. BellSouth will implement and accept the submission of the Ports Configuration Forms, but will not respond to any data submitted by the customer on these forms.

The Access Ordering Guidelines for ASR Version 30 can be purchased from the Alliance for Telecommunications Industry Solutions (ATIS) site at the following Web site address:
