**Carrier Notification
SN91085019**

Date: February 7, 2005

To: Network Visibility Service (NVS) Customers

Subject: NVS Customers – (Billing and Product/Service) - **REVISED** - Free Installation Promotion
(Originally posted on January 26, 2005)

This is to advise that BellSouth Interconnection Services Marketing will introduce a promotion on its NVS service where installation charges will be waived. The promotion will apply to all new NVS network interfaces and connections. The NVS initial service establishment will be excluded from this promotion.

In order to qualify for the promotion, a Carrier must order its NVS service between February 15, 2005, and May 14, 2005. Carriers must maintain their new NVS service in place for at least six (6) months or BellSouth will subsequently bill for the installation charges that were previously waived.

The existing NVS Ordering Guide is posted on the BellSouth Interconnection Services Web site at:

Please contact your BellSouth account team representative with any questions.

Sincerely,
