
BellSouth Interconnection Services

675 West Peachtree Street
Atlanta, Georgia 30375

Carrier Notification**SN91085054**

Date: March 14, 2005

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Documentation/Guides) - Updates to Four (4) CLEC Information Packages: (1) High Frequency Spectrum (Central Office Based) Formerly Line Sharing Unbundled Network Element (UNE); (2) Line Splitting (Central Office Based); (3) Remote Site High Frequency Spectrum (RS HFS); and (4) Remote Site Line Splitting

This is to advise that effective March 31, 2005, BellSouth will update the following four (4) CLEC Information Packages for Line Sharing and Line Splitting:

1. High Frequency Spectrum (Central Office Based) Formerly Line Sharing UNE CLEC Information Package, Version 7
2. Line Splitting (Central Office Based) CLEC Information Package, Version 8
3. Remote Site High Frequency Spectrum (RS HFS) Formerly Remote Site Line Sharing CLEC Information Package, Version 9
4. Remote Site Line Splitting CLEC Information Package, Version 3

The following enhancements will be made to the above-listed CLEC Information Packages.

1. Rapid Restore:

BellSouth has developed and implemented a manual solution to quickly restore Line Sharing/Line Splitting services when the high frequency spectrum (data portion of the shared loop) is disconnected as the result of other service order activity on the end user voice account.

2. Same Day Data Migration:

BellSouth has developed and implemented a manual solution for same day data migration to Line Sharing/Line Splitting services where the Central Office (CO) work will be completed on the Service Order Due Date. This will minimize the end user's down time.

The Information Packages will be posted to the BellSouth Interconnection Services Web site by March 31, 2005, and may be reviewed at:

<http://interconnection.bellsouth.com/guides/html/unes.html>

If you have any questions, please contact your BellSouth local support manager.

Sincerely,
