To: All Interconnection Services Customers

Subject: All Interconnection Services Customers – (Tariff and Product/Service) – Promotional Offer for Special Access (SPA) DS1

This is to advise that on April 1, 2005, BellSouth will trial a Special Access Promotion, called Multiple DS1 Value Promotion, which will provide a non-recurring credit associated with multiple new Special Access (SPA) DS1 local channel services that are purchased during the promotional period. This promotion is only available to BellSouth interconnection customers for a period of 6 months beginning on April 1, 2005, and ending on September 30, 2005.

Interconnection customers ordering up to 7 SPA DS1 local channels to an end user location on a single Access Service Request (ASR) will receive a \$275.00 one-time credit for each SPA DS1 local channel over and above the second local channel ordered. All of the SPA DS1 local channels on the ASR must be installed at the same end user location, and must have the same service establishment date. Interconnection customers must have an Area Commitment Plan (ACP) contract with BellSouth for SPA DS1 local channels services to qualify for this promotion. Additional minimum qualifications are shown in the BellSouth Tariff FCC No.1, Sections 7 and 25.

After the appropriate negotiations have taken place with your BellSouth account team representative, to take advantage of this promotional offer, interconnection customers can order SPA DS1s from Section 7 or 23 of the BellSouth Tariff FCC No. 1 via the normal ASR process. Your BellSouth account Team will make sure that the ordering and provisioning will be handled to your specifications.

If you have questions, please contact your BellSouth account team representative.

Sincerely,
