
BellSouth Interconnection Services

675 West Peachtree Street
Atlanta, Georgia 30375

**Carrier Notification
SN91085116**

Date: June 10, 2005

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs – (Interconnection/Contractual) – **REVISED** - Introducing Commingling Information Packages (Originally posted on June 2, 2005)

This is to advise that CLECs that have executed an Interconnection Agreement or amendment implementing the Federal Communications Commission's (FCC) Triennial Review Order (TRO) prior to the DC Circuit Court's USTA II decision, or those that have brought their Interconnection Agreements into compliance with current law, may request CLEC Information Packages relative to commingling from their local **contract manager**.

At the present time, BellSouth is supporting commingling of an Unbundled Network Element (UNE) or a combination of UNEs (loop or transport) with BellSouth's Special Access (SPA) service. Other configurations will be added in the September 2005 time frame. At that time, BellSouth anticipates posting the CLEC Information Package to its Interconnection Website.

If you have any questions, please contact your BellSouth local **contract manager**.

Sincerely,

ORIGINAL SIGNED BY JERRY HENDRIX

Jerry Hendrix – Assistant Vice President
