Subject: All Interconnection Services Customers – (Tariff, Billing and Product/Services) – Tariff Filing for the Deletion of Prepayment Options

This is to advise that, on September 30, 2005, BellSouth will file a revision to delete of the prepayment options in its BellSouth Tariff FCC No. 1, Section 2.4.8. The effective date will be October 15, 2005. With this change in the tariff, customers who enter into a Channel Services Payment Plan (CSPP), Fast Packet Services Payment Plan (FPSPP), or Transport Payment Plan (TPP) billing arrangement with BellSouth will no longer be able to prepay the outstanding recurring monthly rates in whole or in part for the rate elements included in the arrangement.

Current customers with prepayment options will continue to receive the contracted rates for the remaining term of their CSPP, FPSPP and TPP contracts. Following the effective date of the tariff, the prepayment options will not be available for new contracts.

Should you have questions, please contact your BellSouth account team representative.

Sincerely,
