**Carrier Notification  
SN91085186**

Date: September 23, 2005

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Product/Service) – Introducing a New Wholesale Local Platform - DS0 Service Uniform Service Order Codes in North Carolina

This is to advise the CLEC community that, effective October 30, 2005, BellSouth will introduce two new Wholesale Local Platform - DS0 Service and Wholesale Local Platform – Switching Uniform Service Order Codes (USOC) in the state of North Carolina. These USOCs will map to the new BellSouth Retail Business Service that will be introduced in North Carolina on September 30, 2005.

The USOCs are as follows:

1. “UEPBP” 2-Wire Voice North Carolina Business Basic Dialing Plan Port **with** Caller ID capability, which is mapped to BellSouth Retail USOC “FRLCL”; and
2. “UEPBQ” Voice North Carolina Business Basic Dialing Plan Port **without** Caller ID capability, which is mapped to BellSouth Retail USOC “FRL”.

The Local Service Requests (LSR) must be submitted manually and will incur the appropriate SOMAN charge until such time that the volume of orders justify mechanizing the ordering process. CLECs should contact their local contract negotiator to amend their Commercial Agreement before ordering these services.

Please contact your BellSouth local contract manager with any questions.

Sincerely,

**ORIGINAL SIGNED BY KRISTEN E. SHORE**

Kristen E. Shore – Director  
BellSouth Interconnection Services
