
BellSouth Interconnection Services

675 West Peachtree Street
Atlanta, Georgia 30375

**Carrier Notification
SN91085221**

Date: November 2, 2005

To: All BellSouth Interconnection Services Customers

Subject: All Interconnections Services Customers – (Product /Services and Tariff) – Update to the BellSouth Offering for BellSouth® Wavelength Dedicated Ring Service

This is to advise that, effective December 15, 2005, BellSouth will change the following components associated with the BellSouth Wavelength Dedicated Ring Service in the BellSouth Tariff FCC No. 1, Sections 6, 23 and 29:

- The BellSouth Wavelength Dedicated Ring Primary System will be identified as BellSouth Wavelength Dedicated Ring Primary System - Dual Bay.
- The BellSouth Wavelength Dedicated Ring Expansion System will be identified as BellSouth Wavelength Dedicated Ring Expansion System – Dual Bay.
- The BellSouth Wavelength Dedicated Ring Regeneration Node will be identified as BellSouth Wavelength Dedicated Ring Optical Signal Amplification Node.
- The BellSouth Wavelength Dedicated Ring Service Amplification per Ring Segment will no longer be required or utilized.

The Uniform Service Order Codes (USOC), Network Channel (NC) and Network Channel Interface (NCI) Codes will remain the same for these services.

These services are offered via the Service Inquiry (SI) process. If you have any questions regarding these changes, please contact your BellSouth account team representative.

Sincerely,

ORIGINAL SIGNED BY KRISTEN E. SHORE
