**Carrier Notification
SN91086012**

Date: April 3, 2006

To: Facility-based Competitive Local Exchange Carriers (CLEC)

Subject: Facility-based CLECs – (Product/Service) – **REVISED** - Introducing Unbundled Network Element-Platform to Resale Batch Service Re-Configuration CLEC Information Package, Version 1, for Complex Products (Latest revision posted on February 24, 2006)

This is to **advise** that, on February 15, 2006, the new Unbundled Network Element-Platform (UNE-P) to Resale Batch Service Re-Configuration CLEC Information Package, Version 1, for Complex Products and accompanying spreadsheet **was made** available. This package includes new capabilities that will allow the CLEC to submit batch reconfiguration orders reconfiguring UNE-P services for Complex Products to equivalent Resale services using a spreadsheet format.

Effective immediately, the spreadsheet that is embedded within this CLEC Information package has been revised to include an Effective Bill Date (EBD) field that will be completed by a BellSouth local project manager.

The new UNE-P to Resale Batch Service Re-Configuration CLEC Information Package, Version 1, for Complex Products **may be found** on the BellSouth Interconnection Services Web site at:

http://www.interconnection.bellsouth.com/reference_library/guides/html/unes.html

Please contact your BellSouth local contract manager with any questions.

Sincerely,

ORIGINAL SIGNED BY PAT C. FINLEN FOR KRISTEN E. SHORE
