Subject: All Interconnection Services Customers – (Network Operations) - Re-routing Fiber Trunk Cable in North Dade, Florida

This is to advise that, on March 11, 2006, between 12:30 AM and 5:30 AM EST, BellSouth will be rolling traffic from the existing fiber trunk cable TF436 to another cable in order to repair cable damage in North Dade, Florida. This work must be completed to prevent cable failure. If necessary, circuits will be switched to the protect mode prior to any splicing activity. Circuits will be turned back to the normal mode once splicing is complete.

Listed below are the fiber trunk cables affected by the project:

TRUNK	FIBERS	CO CILLI A	CO CILLI Z	WKG FIBERS
TF 436	1-864	NDADFLBR	NDADFLGG	864

Please contact your BellSouth account team representative with any questions.

Sincerely,
