**Carrier Notification
SN91086059**

Date: March 27, 2006

To: Competitive Local Exchange Carriers (CLEC), Wireless Service Providers (WSP) and Independent Telephone Companies (ICO)

Subject: CLECs, WSPs and ICOs – (Billing and Business/Operational Process) – Wholesale Local Platform Service Traffic Now Available on the Performance Measurements and Analysis Platform Web site

This is to advise that, BellSouth has made information available on its Performance Measurements and Analysis Platform (PMAP) Web site to allow CLECs, WSPs and ICOs to retrieve billable data concerning the amount of Wholesale Local Platform (WLP) service (f/k/a Unbundled Network Element – Platform (UNE-P) traffic that is delivered to each individual company. Carriers wishing to retrieve this information should access the PMAP Web site at:

<http://pmap.bellsouth.com>

This is a secure Web site and a log in account and password must be established. If your company has not established an account, please select the “Contact Us” link on the navigation bar at the top of the PMAP home page. Follow the instructions for establishing an account.

After the account information is established, select the login link on the navigation bar and enter the account and password information. From the welcome page select View Platform Service Provider Summary Reports and make selections as appropriate from the subsequent pages.

The summary reports on the PMAP Web site are updated monthly with two months of data always available.

The WLP originated traffic terminated by your company should be billed to the WLP provider and should not be billed to BellSouth. BellSouth’s PMAP Web site provides downloadable data for your use in billing the originating company for traffic it originates.

Please contact your BellSouth account team representative with any questions.

Sincerely,
