**Carrier Notification
SN91086098**

Date: May 15, 2006

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Interconnection/Contractual and Billing) – Amendments to Implement the Georgia Public Service Commission's Orders Concerning Issues Raised in the Generic Change of Law Proceeding

In Carrier Notification letter **SN91086068** dated March 30, 2006, BellSouth gave CLECs details for compliance with the Georgia Public Service Commission's Orders concerning Generic Change of Law. This letter is to advise that CLECs operating under an Interconnection Agreement in Georgia that is not compliant with the Federal Communication Commission's ("FCC") Triennial Review Order ("TRO") and Triennial Review Remand Order ("TRRO") will soon receive change of law amendments from BellSouth to implement the Georgia Public Service Commission's ("Commission") Order Setting Rates Under Section 271 ("271 Order") issued on March 10, 2006, and Order on Remaining Issues ("Generic Order"), issued on March 2, 2006, in Docket No. 19341-U. In this amendment, BellSouth will include the 271 rates ordered by the Commission in its 271 Order. The 271 rate exhibit attached to the amendment will not contain Basic Classes of Service (BCS) and Uniform Service Order Codes (USOC) for these 271 elements because BellSouth has not yet completed the processes necessary to obtain the BCS and the USOCs for these 271 elements. Therefore, until BellSouth obtains BCSs and USOCs for these elements, BellSouth will bill CLECs the Unbundled Network Element (UNE) rate for the element and later will backbill the difference between the UNE rate and the 271 rate for the element. Once the BCSs and the USOCs are obtained, BellSouth will mechanically bill CLECs the 271 rates shown on the 271 rate exhibit for each element on a going forward basis.

If you have any questions regarding billing of these 271 rates, please contact your BellSouth negotiator.

Sincerely,
