**Carrier Notification
SN91086121**

Date: June 9, 2006

To: Competitive Local Exchange Carriers (CLEC) and Wireless Service Providers (WSP)

Subject: CLECs and WSPs – (OSS) - Procedure for Submitting Supplemental EDI Local Mechanization Specification (ELMS) 6 Local Service Requests via the Local Exchange Navigation System (LENS)

This is to advise that, effective July 9, 2006, with the implementation of ENCORE Release 22.0, the Local Exchange Navigation System (LENS) application will end support of EDI Local Mechanization Specification (ELMS 6) and begin support of the ELMS 10 map. For ELMS 6 Local Service Requests (LSR) submitted via LENS, CLECs will be able to submit supplemental ELMS 6 LSRs by accessing the Supplement Existing Request Option from the Main Menu as is done today. This functionality will be available until the ELMS 6 LSRs have completed processing or have been canceled.

Please contact your BellSouth electronic commerce team with any questions.

Sincerely,

ORIGINAL SIGNED BY KRISTEN E. SHORE
