Date: August 11, 2006

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Products/Service) – Implementing Ordering of 271 Elements in the State of Georgia

In Carrier Notification letter SN91086098, BellSouth advised CLECs of its plans to implement the 271 rates ordered by the Georgia Public Service Commission (GPSC) in its Order Setting Rates under Section 271 (271 Order) in Docket No. 19341-U. Consistent therewith, this is to advise CLECs operating in Georgia that, effective August 15, 2006; BellSouth has established Uniform Service Order Codes (USOC) for these 271 elements.

To purchase these 271 elements ordered by the GPSC, CLECs must have signed the appropriate amendments, as set forth in Carrier Notification letter SN91086068.

Consistent with BellSouth's 271 rate implementation in the state of Georgia, BellSouth will make the following CLEC packages available on or before August 15, 2006:

- 271 High Capacity Loop and Transport - Georgia CLEC Information Package
- 271 DS1 Loop - Georgia CLEC Information Package

The packages can be found on the BellSouth Interconnection Services Web site at:
