FX / FCO Res UNE Combo	UEPFR	0%	25%	100%	
FX / FCO Bus UNE Combo	UEPFB	0%	25%	100%	
Unbundled Network Terminating Wire	UENTW	0%	25%	100%	
Coin UNE Combo	UEPCO	0%	25%	100%	

**Note 1:** Cancellation charge methodology for CRIS billed products/services are calculated by multiplying all the nonrecurring charges associated with the order, or that part of the order being cancelled, by 25% if the order is cancelled after the Application Date but before the Due Date. If the order is cancelled on the Due Date, 100% of the nonrecurring charges will apply.

**Note 2:** For Resold services provided pursuant to Attachment 1, Resale: Cancellation charge methodology for CRIS billed non-designed products/services are calculated by multiplying all the nonrecurring charges associated with the order, or that part of the order being cancelled, by 25% if the order is cancelled after the Application Date but before the Due Date. If the order is cancelled on the Due Date, 100% of the nonrecurring charges will apply. Cancellation charge methodology for CRIS billed designed products/services are calculated by multiplying all the nonrecurring charges associated with the order, or that part of the order being cancelled, by the percentage shown in the CABS billed matrix above for the critical date last completed on the order.

## CANCELLATION CHARGE PERCENTAGE CHART

### Acronyms

- **APP** = Application Date
- **SID** = Scheduled Issue Date
- **DLRD** = Designed Layout Report Date
- **RID** = Records Issue Date
- **WOT** = Wired & Office Tested Date
- **PTD** = Plant Test Date
- **EIRD** = Engineering Information Report Date
- **DD** = Service Date (a.k.a. - Due Date)
- **DVA** = Designed, Verified, & Assigned Date
- **FCD** = Frame Continuity Date
- **LAM** = Loop Assignment & Make-up Date
- **CDLRD** = Confirming Design Layout Report Date
- **PF** = Pending Facilities
- **AO** = Assignable Order
- **PD** = Pending Order
- **PC** = Post Completion
- **MA** = Missed Appointment
- **CD** = Completion Date
- **CP** = Completed Order
