Date: September 27, 2001

To: All Interconnection Services Customers

Subject: All Interconnection Services Customers - **REVISED** - Additional BellSouth Central Offices in Alabama, Louisiana, Mississippi, North Carolina, and Tennessee offered for Local Number Portability (LNP); and Revised LNP Deployment Schedule (Originally posted February 11, 2000, and revised May 9, 2001)

LNP is mandated in the Federal Communication Commission's (FCC) Order in CC Docket 95-116 (Telephone Number Portability). The LNP deployment schedule for BellSouth in the initial top 21 Metropolitan Service Areas (MSAs) during 1998 and subsequent offerings during 1999 and 2000 was based on FCC and State Commissions requirements and guidelines as well as active input from the industry. Generally, the largest MSAs within each state were scheduled first, with the next largest following.

BellSouth is now offering LNP in its remaining 144 central offices. This offering involves the following states, offices, and corresponding LNP eligibility dates:

<u>State</u>	<u>NO. Offices</u>	<u>LNP Eligibility Date</u>
Alabama	7 Offices	10/31/01
Alabama	2 Offices	11/12/01
Louisiana	35 Offices	10/31/01
Mississippi	77 Offices	10/31/01
Mississippi	2 Offices	11/12/01
North Carolina	2 Offices	10/31/01
Tennessee	19 Offices	10/31/01
Total	144 Offices	

**This completes the offering of LNP in all applicable BellSouth central offices.**

With the implementation of LNP in the above offices and respective LNP Eligibility Dates, Interim Number Portability (INP) will no longer be available in **any BellSouth office**. All INP lines must be converted to LNP within 120 days from the respective LNP Eligibility Date.

Attached is a complete and revised schedule of **all BellSouth LNP eligible offices** and their respective LNP eligibility date. Offices added to the schedule with this notification are indicated with an \*. One \* indicates offices with an October 31, 2001 eligibility date; two \*\* indicate offices with a November 12, 2001 eligibility date.

---

The publication of this revised schedule will better assist your company in its LNP planning activities. Should you have questions, please contact Stan Spillers at 205-977-3324 or your BellSouth account team representative.

Sincerely,

Jim Brinkley – Senior Director  
Interconnection Services
