Carrier Notification**SN91082155**

Date: September 18, 2001

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs – **REVISED** - Integrated Services Digital Network (ISDN) Primary Rate / Resale Targeted Service Interval Change (Originally posted on January 10, 2001)

This is to advise that the targeted service interval for one (1) to five (5) new Integrated Services Digital Network – Primary Rate Interface (ISDN-PRI) circuits with no Extended Reach Service will be changed from eighteen (18) business days to fifteen (15) business days. This change will become effective on September 28, 2001, in all states in the BellSouth region.

The interval for six (6) or more new ISDN-PRI circuits with no Extended Reach Service will be seventeen (17) business days for the first six (6) circuits and one (1) additional business day per each additional circuit ordered.

The interval for one (1) to five (5) new ISDN-PRI with Extended Reach Service will remain twenty-five (25) business days. The interval for six (6) or more new ISDN-PRI circuits with Extended Reach Service will remain twenty-five (25) business days and one (1) additional business day per additional circuit ordered.

This change will be reflected in the next update of the BellSouth Products & Services Interval Guide.

Please contact your BellSouth account team representative with any questions.

Sincerely,
