Date: January 11, 2001

To: All Interexchange Carriers (IXCs), Wireless/Personal Communications Service (PCS) Carriers, Competitive Local Exchange Carriers (CLECs), and Payphone Service Providers (PSPs)

Subject: IXCs, PCS, CLECs, PSPS –**REVISION TO SN91081723** - 704/980 Numbering Plan Area (NPA) Overlay and Ten-Digit Dialing

Carrier Notification SN91081723, latest revision dated August 30, 2000, outlined the details of the new Area Code 980 that will overlay the existing 704 Area code in North Carolina. On Friday, January 5, 2001, the North Carolina Utilities Commission released an order in Docket No. P-100, Sub 137a to extend the permissive dialing period for the 704 Area Code until January 24, 2001, so that additional information can be obtained on what, if any, further relief is feasible. Further extension of permissive dialing and/or a delay to the implementation of the 980 Area Code may also be ordered.

It is the responsibility of each company to determine the impact within its own company/network. The Commission's Order can be accessed over the Internet at the North Carolina Utilities Commission Web site, which is located at:
