Carrier Notification**SN91082161**

Date: January 23, 2001

To: Interexchange Carriers (IXCs), Enhanced Service Providers (ESPs), and Toll Resellers

Subject: IXCs, ESPs, Toll Resellers - BellSouth Customer Account Record Exchange (CARE) Notification for Three Numbering Plan Area (NPA) Splits

BellSouth will implement three NPA splits the weekend of February 9, 2001. These splits will be accomplished through a flash cut database conversion in the following areas:

Louisiana	NPA 504 to NPA 985
Tennessee	NPA 901 to NPA 731
Florida	NPA 904 to NPA 386

Attached to this letter is a detailed schedule, which will be used by CARE to accomplish this conversion. All end-user accounts within the NXX list shown on Attachment 1 of this letter will move to the new NPA areas indicated above. Since a flash cut database method will be used, the CARE system will not provide notification on an individual line basis to the IXC of record for InterLATA/IntraLATA usage recording. Each IXC will be expected to convert the affected accounts within their own databases using Attachment 1. To ensure the latest update of all NXXs involved, we recommend that you also cross check this list with the Local Exchange Routing Guide (LERG).

As clarification, please note that CARE does not participate in a permissive dialing period. This conversion is designed to be a flash cut of all CARE processes and will not have a grace period for old to new NPA submission. As information, please be aware that permissive dialing will not begin in the new Florida NPA 386 area until February 15, 2001.

If you have questions concerning this letter, please contact your account team representative, the Equal Access Service Center at 1-800-456-9127, or Shirley Loewen, BellSouth's CARE Manager at (205) 988-7181.

Sincerely,

CARE PROCESSING SCHEDULE

Florida – NPA 904/386 Split - Attachment 2
Louisiana – NPA 504/985 Split - Attachment 3
Tennessee – NPA 901/731 Split - Attachment 4

The following schedule will be observed in processing Primary Interexchange Carrier/Local Primary Interexchange Carrier (PIC/LPIC) changes and List Services during the period of Friday, February 9, 2001 through Monday February 19, 2001. The schedule below will be followed for each split listed above.

February 9-11, 2001	The CARE system will be converted the weekend of the CRIS database conversion
February 9, 2001	All Access Carriers (AC) CARE activity received BEFORE 5:00 A.M. CST should be in the old NPA formats respectively, and will be processed as normal.
February 9, 2001	Any AC CARE activity received AFTER 5:00 A.M. CST should contain the new NPA format for NXXs affected by the split. This activity will be held from processing until Monday, February 12, 2001.

NOTE: The switch network interface for Tennessee also handles activity for Kentucky, therefore all activity for Kentucky will also be held during this timeframe

February 9-19, 2001	From Friday, February 9, 2001 through Monday, February 19, 2001, Customer Name and Address (CNA) and Listed Name and Address (LNA) list processing will not take place for the NPA NXXs involved in these split areas.
February 12, 2001	As of Monday, February 12, 2001, all appropriate customer accounts on the CRIS database will be converted to the new NPA. On this date, it will not be possible to process CARE requests with the old NPA/NXXs. Requests in the old NPA format will be rejected with a TCSI code of 2112 (NPA-NXX invalid for BellSouth).
