**BellSouth Interconnection Services**

675 West Peachtree Street  
Atlanta, Georgia 30375

**Carrier Notification****SN91082183**

Date: January 24, 2001

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs – Local Primary Interexchange Carrier (LPIC) 5124 Required on  
WATSSAVER® for Business

This is to advise that, effective immediately, WATSSAVER® for Business must have an LPIC of 5124. If changing the LPIC from 5124 to any other LPIC, WATSSAVER® must be removed from the account. This requirement applies to Local Service Requests (LSRs) submitted with conversion, new or PIC change activity when Business WATSSAVER® exists or is being added to a line.

This requirement is due to the high volume of billing disputes when an end user's LPIC is changed from 5124 and the WATSSAVER® is not removed.

The following Uniform Service Order Codes (USOCs) are used when ordering WatsSaver for Business:

- APT++
- APX++
- OSW++
- OSX++

The Local Exchange Ordering Implementation Guide (LEO-IG), Volume 2, will be updated in the future to add this additional language.

Please contact your BellSouth account team representative with any questions.

Sincerely,

**ORIGINAL SIGNED BY JIM BRINKLEY**

Jim Brinkley – Senior Director  
BellSouth Interconnection Services
