Carrier Notification**SN91082218**

Date: February 27, 2001

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs – **REVISION to SN91082007** - Update to BellSouth's Electronic Data Interchange (EDI) Infrastructure Upgrade Project

Carrier Notification Letter SN91082007, originally released October 23, 2000, and revised December 11, 2000, has again been revised. The migration of CLEC EDI Users to the new infrastructure is taking place on an individual basis. The migration began on January 15, 2001 and continues through May 1, 2001. To accommodate the change in migration to the new infrastructure, BellSouth made the following changes:

- The freeze on the EDI Maps was lifted effective January 15, 2001.
- The freeze on connectivity of new EDI Trading Partners and new Internet Protocol (IP) addresses will be lifted effective February 19, 2001. Requests received during the freeze window will be honored beginning February 19, 2001.

For further information please consult the revised letter and attachment.

Sincerely,
