Date: March 31, 2003

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs – **REVISED**: Connecting Facility Assignment (CFA)/Cable Identity (ID)/Pair Notification (Originally posted on February 13, 2001)

This is to advise that **effective immediately**, this letter has been revised to include additional conditions upon which a faxed JEOPARDY Notification will be sent to a CLEC that has received a Firm Order Confirmation (FOC) from BellSouth. The conditions are:

- **Busy Cable/Pair (includes invalid or working splitter)**
- **Invalid Cable ID**
- **Loop is too long**
- **Invalid Address**

These conditions apply to all facility-based Local Service Requests (LSR) that have such CFA information whether submitted electronically or manually.

A response time of thirty (30) business days to send in a supplemental (SUP) LSR with the updated information is still in effect. If a SUP is not received within this time period, the Purchase Order Number (PON) will be cancelled. **Once the PON is cancelled, a new LSR is required.**

Please contact your BellSouth Local Support Manager with any questions.

Sincerely,
