To: Competitive Local Exchange Carriers (CLECs)

Subject: CLEC - Translation Questionnaire for E911 Access Service Requests (ASRs)

Effective June 20, 2001, BellSouth is implementing a process change in the ordering and provisioning of new E911 local interconnection trunk groups. In addition to the ASR, BellSouth will begin utilizing the Translation Questionnaire (TQ) to obtain the NPA/NXX data used to provision new E911 trunk groups.

This process change will affect the prior placement of the NPA/NXX data in the Remarks Section of the ASR. The data will no longer be read from the Remarks Section, but should appear in the designated C.NPA/NXX field of the TQ.

Please contact your BellSouth account team representative if you have any questions.

Sincerely,
