Carrier Notification**SN91082430**

Date: June 11, 2001

To: Interexchange Carriers (IXCs), Enhanced Service Providers (ESPs), and Toll Resellers

Subject: IXCs, ESPs, Toll Resellers - BellSouth Customer Account Record Exchange (CARE) Notification for Two Numbering Plan Area (NPA) Splits

BellSouth will implement two NPA splits the weekend of June 15, 2001. These splits will be accomplished through a flash cut database conversion in the following areas:

Alabama NPA 334 to NPA 251
Florida NPA 407 to NPA 386

Attached is a detailed schedule, which will be used by CARE to accomplish this conversion. All end user accounts within the NXX list shown on Attachment 1 of this letter will move to the new NPA areas indicated above. Since a flash cut database method will be used, the CARE system will not provide notification on an individual line basis to the IXC of record for InterLATA/IntraLATA usage recording. Each IXC will be expected to convert the affected accounts within their own databases using Attachment 1. To ensure the latest update of all NXXs involved, we recommend that you also cross check this list with the Local Exchange Routing Guide (LERG).

As clarification, please note that CARE does not participate in a permissive dialing period. This conversion is designed to be a flash cut of all CARE processes and will not have a grace period for old to new NPA submission.

If you have questions concerning this letter, please contact your BellSouth account team representative, Equal Access Service Center at 1-800-456-9127, or Shirley Loewen, BellSouth CARE Manager at (205) 988-7181.

Sincerely,
