Date: July 9, 2001

To: Interexchange Carriers (IXCs), Meet Point Billed (MPB) Commercial Mobile Radio Service (CMRS) and Competitive Local Exchange Carriers (CLECs)

Subject: IXCs, MPB, CMRS and CLECs - Billing Change for Frontier Telephone Company in Alabama and Georgia

This is to advise of a billing change to non-common minutes of use being implemented in Alabama and Georgia between Frontier Telephone Company (EC/OCN 0306, 4464, and 0387) and BellSouth.

Non-common minutes occur when each company bills from its recordings without the exchange of summary records between exchange companies. Primarily, the Initial Billing Company (IBC) is responsible for determining the jurisdiction, factoring, etc., for all usage (i.e., interstate, intrastate and local) and providing it to the Subsequent Billing Company (SBC) for billing to the customers. The Multiple Exchange Carrier Access Billing (MECAB) document, prepared by the Ordering and Billing Forum (OBF), establishes the guidelines for billing when multiple local exchange carriers are involved in providing service. The elimination of common minutes of use billing was approved at the OBF in November 2000 for implementation between companies beginning January 1, 2001, and ending August 31, 2002.

With minutes of use generated beginning on the dates below, the billing change to non-common minutes will be implemented. The last bill for BellSouth and Frontier Telephone Company for billing in a common minutes of use environment is also listed below:

<u>Company Name - State</u>	<u>OCN</u>	<u>Effective Date</u>	<u>Last Bill Date</u>
Monroeville Telco - Alabama	0306	08-10-01	08-10-01
Southland Telco – Alabama (LATA 480)	4464	08-20-01	08-20-01
Statesboro Telco - Georgia	0387	08-05-01	08-05-01

Frontier Telephone Company should also be notifying its customers of this change.

All payments will continue to be made to the company rendering the access bill.

Please contact your BellSouth account team representative with any questions.

Sincerely,
