**Carrier Notification****SN91082550**

Date: August 9, 2001

To: Interexchange Carriers (IXCs), Meet Point Billed (MPB) Commercial Mobile Radio Service (CMRS) and Competitive Local Exchange Carriers (CLECs)

Subject: IXCs, MPB, CMRS and CLECs - Billing Change for Brindlee Mountain Telephone Company in Alabama

This is to advise of a billing change to non-common minutes of use being implemented in Alabama between Brindlee Mountain Telephone Company (EC/OCN 0283) and BellSouth.

Non-common minutes occur when each company bills from its recordings without the exchange of summary records between exchange companies. Primarily, the Initial Billing Company (IBC) is responsible for determining the jurisdiction, factoring, etc., for all usage (i.e., interstate, intrastate and local) and providing it to the Subsequent Billing Company (SBC) for billing to the customers. The Multiple Exchange Carrier Access Billing (MECAB) document, prepared by the Ordering and Billing Forum (OBF), establishes the guidelines for billing when multiple local exchange carriers are involved in providing service. The elimination of common minutes of use billing was approved at the OBF in November 2000 for implementation between companies beginning January 1, 2001, and ending August 31, 2002.

With minutes of use generated beginning September 16, 2001, the billing change to non-common minutes will be implemented. The last bill for BellSouth and Brindlee Mountain Telephone Company for billing in a common minutes of use environment will be usage through September 15, 2001, and an IBC bill date of October 1, 2001.

Brindlee Mountain Telephone Company should also be notifying its customers of this change.

All payments will continue to be made to the company rendering the access bill.

Please contact your BellSouth account team representative with any questions.

Sincerely,

**ORIGINAL SIGNED BY MATEO CAYMOL FOR JIM BRINKLEY**
