Carrier Notification**SN91082648**

Date: October 10, 2001

To: Competitive Local Exchange Carriers (CLECs) and Software Vendors

Subject: CLECs - Electronic Interface Implementation and Testing Documentation

This is to advise that in order to enhance the service provided to CLECs and software vendors, updated documentation designed to assist in the implementation of the Electronic Data Interchange (EDI) and/or Telecommunications Access Gateway (TAG) systems will be posted to the BellSouth Interconnection Services' Web site on October 15, 2001, at the following address:

<http://www.interconnection.bellsouth.com/carriertypes/lec/html/eiitd.html>

The documents to be posted are:

- Electronic Interface Testing Guidelines
- Electronic Interface Implementation and Upgrade Communications Plan
- Electronic Interface Test Agreement (sample)
- Electronic Interface Business Survey

The information contained in these documents is designed to provide an overview of the BellSouth testing guidelines and implementation processes.

Please contact your BellSouth account team representative or Software Vendor Process Project Manager with any questions or requests for assistance in beginning implementation and/or an upgrade.

Sincerely,
