Subject: All BellSouth Interconnection Services' Customers – Change of BellSouth Voice Mail Service Access Numbers in the Austell, Carrollton, Dallas and Marietta East, Georgia Central Offices

This is to advise that due to an increased demand for BellSouth voice mail services, BellSouth is initiating a capacity expansion project in the Austell, Carrollton, Dallas and Marietta East, Georgia Central Offices (COs). This will result in a change to your company's end users' BellSouth voice mail service access numbers (the number your company's end users call to retrieve messages). The new access numbers listed in the table below will be issued to all new end users beginning on December 3, 2001.

Existing end users listed in the table below can begin using the new access numbers on December 3, 2001. During the period of December 3, 2001 to December 31, 2001, a permissive dialing period will be in effect during which both the old and new access numbers can be dialed.
