Subject: CLECs – **REVISION TO SN91082475** - Electronic Interface System Downtime –  
ENCORE Release 9.4

This is to advise that Carrier Notification Letter SN91082475, originally posted on June 28, 2001, revised July 5, 2001, July 18, 2001, August 1, 2001, and August 16, 2001, has been revised. Carrier Notification Letter SN91082475 stated:

**“In addition, the calculated due date function in the Local Exchange Navigation System (LENS) may give inaccurate information.
