**Carrier Notification****SN91082717**

Date: November 9, 2001

To: Competitive Local Exchange Carriers CLECs

Subject: CLECs – Access Daily Usage File (ADUF) – Record Length

This is to advise that BellSouth had a programming error that affected the record length in the ADUF. The error caused the record length to be 200 characters instead of the normal 210 characters. The ten characters that are normally filled with zeroes were, instead, filled with spaces. The timeframe of the error was from November 1, 2001, through November 5, 2001. The code to correct this programming error was installed on November 5, 2001.

BellSouth will resend these records to ADUF subscribers upon request.

Please contact your BellSouth account team representative with any questions.

Sincerely,
