Carrier Notification**SN91082818**

Date: January 11, 2002

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs - Emergency Maintenance, Release 10.3a

This is to advise that as a result of Release 10.3, which was implemented on January 5, 2002, BellSouth has identified a defect in the Parsed Customer Service Record (CSR) feature delivered with Telecommunications Access Gateway (TAG) 7.7.0.2. The defect occurs on a response to a Parsed CSR request where the address on the account contains a street name and directional (suffix) without a thoroughfare. Currently, the suffix for the address is incorrectly included in the street name. This defect will be corrected in an emergency maintenance release scheduled for Friday, January 11, 2002.

Please see the attached table for details of the release.

Please contact your BellSouth account representative with any questions.

Sincerely,
