To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs - Florida Keys Rate Center Consolidation

On October 20, 2000, the Florida Public Service Commission (PSC) approved numbering relief plans for the Florida Keys 305 area code and ordered the implementation of Rate Center Consolidation. Specifics can be referenced in Order No. PSC-00-1937-PAA-TL Docket No. 990455-TL.

The Rate Center Consolidation plan calls for consolidating seven rate centers into one rate center in the Florida Keys calling area. The Rate Centers to be consolidated are as follows:

Big Pine Key	Marathon
Islamorada	North Key Largo
Key Largo	Sugarloaf Key
Key West	

BellSouth filed a consolidating tariff on December 7, 2001, with an effective date of December 22, 2001. The new consolidated rate center will be called "Keys" and the Vertical & Horizontal (V&H) coordinates for this new rate center are V = 8644 and H = 0562.

The Florida PSC staff has directed Telcordia to make the necessary database changes for all carriers, to reflect the implementation of Rate Center Consolidation in the new rate center, which will be effective on April 8, 2002.

Please contact your BellSouth Local Contract Manager with any questions.

Sincerely,
