Carrier Notification**SN91083059**

Date: March 21, 2003

To: Competitive Local Exchange Carriers (CLECs)

Subject: CLECs – **REVISED**: Update to the Unbundled Network Elements-Platform (UNE-P) Workaround Process Instructions associated with existing BellSouth Asymmetrical Digital Subscriber Line (ADSL) Service (Latest Revision dated May 30, 2003)

This is to advise that the interim UNE-P ADSL Workaround process that was implemented on April 1, 2002, has proven to be successful. Since the implementation of ENCORE Release 11.0, the Local Carrier Service Center's (LCSC) role in the removal of the ADSL USOC has been minimal.

Therefore, with the mechanized ADSL process in place, effective April 21, 2003, this interim LCSC process will be discontinued.

Please contact your BellSouth Local Support Manager with any questions.

Sincerely,
