Carrier Notification**SN91083209**

Date: July 12, 2002

To: Competitive Local Exchange Carriers (CLECs) and Independent Telephone Companies (ICO)

Subject: CLECs and ICOs – Meet Point Billing Exchange Message Interface (EMI) Records no longer allowed over Centralized Message Distribution System (CMDS)

Telcordia Technologies has advised that effective January 3, 2003, all EMI summary records associated with Meet Point Billing will be eliminated from CMDS transmissions. The EMI records that will be eliminated are the 11-50-01 through 04 and 11-50-21 through 24 summary usage records.

This change is a result of the Ordering and Billing (OBF) Billing Committee, Issue 2056, and the Multiple Exchange Carrier Access Billing (MECAB) document, Issue 7, implementation.

Therefore, as of January 3, 2003, BellSouth will no longer process any of the involved meet point billing summary records through CMDS.

This information should be provided to your company's message exchange contacts.

If you any have questions, please contact your BellSouth Local Contract Manager.

Sincerely,
