Subject: CLECs – **Message** Rate Line, Business Service changed to **Measured** Rate Line,  
Business Service for the State of Alabama

This is to advise that **Message** Rate Line, Business service is not offered in the state of Alabama. This service, which was inadvertently provisioned, is in violation of the BellSouth tariff for the state of Alabama. To bring the service into conformance with the BellSouth tariff, the local calling scope will be changed to **Measured** Rate Line, Business service.

**Measured** Rate Line bills the subscriber a flat monthly rate, which includes a monetary usage allowance for calls completed to stations in the local calling area. Charges for local calls in excess of the allowance are also applicable and are based upon length of call, originating and terminating point of call, and time of day the call was made. The flat monthly charge is billed one month in advance with usage charges billed in arrears.

Please contact your BellSouth Local Support Manager with any questions.

Sincerely,
