Subject: ATM and Frame Relay Customers - Free Installation Promotion

BellSouth Interconnection Services Marketing is pleased to announce that it is running a free installation promotion for all of its ATM and Frame Relay services, including Network Visibility Service (NVS), purchased from the BellSouth Tariff FCC No. 1. The promotion will apply to all ATM, Frame Relay and NVS network interfaces and connections, excluding Permanent Virtual Circuits (PVCs) and the NVS Service Establishment Charge.

In order to take advantage of the promotion, carriers must order their ATM, Frame Relay and NVS services between February 24 and May 23, 2003. Circuits ordered under the promotion and disconnected prior to being in service for at least six months will subsequently incur the previously waived installation charge.

Please contact your BellSouth Account Representative with any questions.

Sincerely,
