Atlanta, Georgia 30375

**Carrier Notification
SN91083691**

Date: May 5, 2003

To: Frame Relay Interexchange Carriers (IXCs) and Competitive Local Exchange Carriers (CLEC)

Subject: Frame Relay IXCs and CLECs – Implementation of Exchange Access and Managed Shared Frame Relay Multicast Private Virtual Circuits (PVC)

This is to announce the implementation of Exchange Access and Managed Shared Frame Relay Multicast PVC. The Multicast PVC capability allows a customer to establish a one-to-many broadcasting PVCs that distribute data simultaneously from a host site to a group of predetermined remote sites called a Multicast PVC Group.

This package will be posted to the BellSouth Interconnection Services' Web site on May 15, 2003.

For ordering information, please click onto the Web site listed below and click onto Exchange Access Frame Relay Ordering Guidelines or Managed Shared Frame Relay Ordering Guidelines.
