
BellSouth Interconnection Services

675 West Peachtree Street
Atlanta, Georgia 30375

**Carrier Notification
SN91083734**

Date: June 18, 2003

To: Frame Relay Interexchange Carriers (IXCs) and Competitive Local Exchange Carriers (CLEC)

Subject: Frame Relay IXCs and CLECs – Implementation of Exchange Access and Managed Shared Frame Relay Intelligent Private Virtual Circuit (PVC).

This is to announce the implementation of Exchange Access and Managed Shared Frame Relay Intelligent PVC. The Intelligent PVC capability will allow a customer to experience minimum connection downtime by having a secondary route pre-established in the event of a failure on the primary route.

This package will be posted to the BellSouth Interconnection Services' Web site on June 28, 2003.

For ordering information, please click onto the Web site listed below and access the Exchange Access Frame Relay Ordering Guidelines or Managed Shared Frame Relay Ordering Guidelines.
