
BellSouth Interconnection Services

675 West Peachtree Street
Atlanta, Georgia 30375

**Carrier Notification
SN91083738**

Date: June 1, 2005

To: **Competitive Local Exchange Carriers (CLEC), Independent Telephone Companies (ICO)** and Wireless Service Providers (WSP)

Subject: **CLECs, ICOs and WSPs – (Product/Service) – REVISED – Update to the BellSouth Interface LIDB Tool (BILT) (Originally posted on June 18, 2003)**

This is to advise that **effective immediately, in addition to WSPs**, the BellSouth Interface LIDB Tool (BILT) is **also** available to **CLECs and ICOs** to make updates to their company's telephone number data that is stored in the BellSouth Line Information Database (LIDB). Requests for LIDB services can now be processed faster and easier by utilizing BILT. BILT is a Web-based, user-friendly application that allows the customer to conveniently submit changes to keep its LIDB screening and blocking information current.

BILT allows the following functions to be performed electronically:

- Create and submit requests to add, **modify** and delete **telephone numbers with** the billing and screening restrictions
- View, Edit or Delete pending requests
- View requests completed in the last 90 days
- View pending requests up to 30 days in the future

The BILT system helps to ensure timely and accurate updates of your LIDB data to protect your company and end-user customers against fraud. It also allows you to input and generate reports within a site-specific, secure environment. BILT is a secure Web site with functionality in place to restrict access to the system, and **limit access** to your company's data to only authorized users. **BILT provides all these advantages for LIDB storage at absolutely no costs to the customer.**

To take advantage of BILT, you simply need a Personal Computer or terminal with Internet access, a User ID and a password. To establish initial access to BILT, or obtain additional information, please visit the BILT Web-site at:

<https://bilt.interconnection.bellsouth.com>

- Click on "**Access Request Form**" to obtain form to establish access to the system
- Click on "**User Guide**" to obtain additional information

Should you require additional assistance, you may contact the **BellSouth BILT Administrator** by e-mail or fax:

EMAIL: **Dbas.lidb@bellsouth.com**
FAX: **(205) 403-2666 or (205) 403-2667.**

BellSouth looks forward to working with you to establish BILT access for your company

Sincerely,
