Date: June 27, 2003

To: Competitive Local Exchange Carriers (CLEC)

Subject: (Documentation/Guides) CLECs – New Supporting Data Users Manual (SDUM) Available at the BellSouth Performance Measurement Analysis Platform (PMAP) Web Site

This is to advise that a new manual entitled **Supporting Data Users Manual (SDUM)** was posted to the BellSouth PMAP Web site on June 23, 2003. The SDUM will replace the current Raw Data Users Manual (RDUM). The SDUM includes Structured Query Language (SQL) statements that can now be used to replicate each measure for which raw data is provided. During this transition, both the RDUM and the SDUM will be updated and posted concurrently. On July 21, 2003, the SDUM will completely replace the RDUM.

After the CLEC has logged in at the PMAP Web site, these documents can be found in the Exhibits section under “Other Documentation” at the following address:

Please submit any questions via the Feedback Loop in PMAP.

Sincerely,
