Date: August 19, 2003

To: Competitive Local Exchange Carriers (CLEC)

Subject: (OSS) CLECs – Supplements (SUP) for Electronic Enhanced Extended Links (EEL)

Due to a defect found in a BellSouth ordering system, CLECs must manually fax the SUP02 and SUP03 Local Service Requests (LSR) for Electronic EELs on all orders where the Connecting Facility Assignment (CFA) value does not change. Currently, SUP02s and SUP03s involving an Electronic EEL are being returned for clarification when there is no change in the CFA.

SOMEK must be populated in the LSR number field in order to receive the mechanized processing charge.

Change Request (CR) 1094 has been issued to correct the defect with the implementation of ENCORE Release 15.0 scheduled for February 8, 2004.

Please contact your BellSouth Local Support Manager with any questions.

Sincerely,
