**Carrier Notification
SN91083797**

Date: August 19, 2003

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – Implementation of Local Service Ordering Guide (LSOG) Version 6 Ordering Forms

This is to advise that BellSouth will adopt the following LSOG Version 6 forms with the implementation of ENCORE Release 14.0 on November 22-23, 2003:

- Local Service Request (LSR)
- Hunt Group Information
- End User (EU)
- Resale Service (RS)
- Resale Private Line (RPL) (Manual Only)
- Port Service (PS)
- Number Portability (NP)
- Loop Service (LS)
- Loop Service with Number Portability (LSNP)
- Directory Listing (DL)
- Direct Inward Dialing (DID) / PBX / Direct Outward Dialing (DOD)

BellSouth is making this change as a result of the LSOG6/EDI Local Mechanization Specifications (ELMS6) enhancements that participating CLECs requested via the Change Control Process. In addition, moving to the LSOG Version 6 forms will position BellSouth to be in concert with the latest industry guidelines.

BellSouth recognizes that this transition may have an effect on your company's business and systems. The Local Ordering Handbook for LSOG6/ELMS6 was posted on July 11, 2003. In order to afford your company adequate time to transition, the timeline for conversion to these forms is as follows:

- **November 24, 2003** - Implement the designated LSOG Version 6 forms
- **November 24, 2003 – March 24, 2004** - A four-month grace period to transition from LSOG Version 4 forms for manual ordering
- **March 25, 2004** - Retire LSOG Version 4 forms for manual ordering

On March 25, 2004, a complete transition to the designated Ordering and Billing Forum (OBF) Version 6 Ordering Forms will be effective. As of that date, CLECs must submit all manual orders on the Version 6 forms or the service request will be rejected.

Please contact your Local Support Manager with any questions.

Sincerely,
