**Carrier Notification
SN91083801**

Date: August 25, 2003

To: Frame Relay Interexchange Carriers (IXC) and Competitive Local Exchange Carriers (CLEC)

Subject: Frame Relay IXCs and CLECs – Implementation of MultiLink Frame Relay Service

This is to announce the implementation of Exchange Access and Managed Shared MultiLink Frame Relay Service. Customers that require speeds greater than a DS1 but less than a DS3 may request MultiLink Frame Relay service. MultiLink Frame Relay service is provisioned by using multiple DS1 facilities bonded together by the Central Office equipment and the appropriate compatible equipment provided by the customer at its premises.

This package will be posted to the BellSouth Interconnection Services' Web site on August 29, 2003. For ordering information, please click on the Web site listed below and click on Exchange Access Frame Relay Guidelines or Managed Shared Frame Relay Ordering Guidelines.
