**Carrier Notification
SN91083805**

Date: August 26, 2003

To: All Customers

Subject: All Customers - (Business/Operational Process) Enhancements to the Subject Line of BellSouth's Carrier Notification Letters

This is to advise that effective September 29, 2003, BellSouth will be making an enhancement to the way Carrier Notification information is displayed on the Subject Line of its Carrier Notification letters. Based on input from our Wholesale Customer's, BellSouth will be adding a "Subject List Label" to the Subject Line of all future Carrier Notification letters.

This will allow all of our customers and others to see what market segments are impacted:

All Customers	Resale CLEC	Facility-based CLEC	Access (IXC)
Wireless	Data Service Provider	Independent Company	Payphone
Commercial Mobile Radio			

Along with the market segment, the type of Notification that is being presented will include the following "Subject List Label" categories:

Area Code Splits	Billing	Business/Operational Process
Collocation	Directory Assistance/Directory Listings (DA/DL)	
Documentation/Guides	E911	Interconnection/Contractual
LNP	Maintenance & Repair	Meeting
Network Operations	Provisioning	Product/Service
OSS	Tariff	Other

BellSouth will attempt to provide the most appropriate "Subject List Label" category when posting a Carrier Notification letter on the BellSouth Interconnection Services' Web site. However, BellSouth strongly suggests for completeness that each carrier review all Carrier Notification letters posted by BellSouth.

If you have any questions regarding this matter, please contact your BellSouth Local Contract Manager.

Sincerely,

ORIGINAL SIGNED BY JERRY HENDRIX

Jerry Hendrix – Assistant Vice President
